School Bond Issue undecided; Cochran takes lead in Hancock

By ELLIS CUEVAS

Hancock County election commissioners will meet today to certify Tuesday's vote returns. Indications are that there will be a ballot for bond count on the County school bond issue which came up two votes short of receiving the 60 percent necessary for passage on unofficial returns.

On the bond issue 1,681 votes were

cast in favor and 1,124 against, unofficially.

In a two man race for County School Board, incumbent Johnny Banks defeated Harold F. Necaise 1,550 to 1,239.

Hancock County followed the State's trend in the all-important race to fill the position held by the retiring U.S. Senator James Eastland.

Republican Thad Cochran polled 2,974 votes to Democratic nominee Maurice Dantin's 2,561.

Independent candidate Charles Evers received 338 and independent Henry J. Kirksey received 30 votes unofficially.

Of interest on the Coast, Democratic nominee Kosta Vlahos held a 2,745-1,254 edge in Hancock County over Republican Jim Rose in the Circuit Court Judge, second district place three position.

Vlahos polled 20,327 to 10,014 vote lead unofficially over Rose in the tri-county area of Hancock, Harrison and

Stone Counties.

Henry Otis, Circuit Clerk for Hancock County, reported Wednesday there was about a 42 percent voter turnout for the election from among Hancock's 14,000 registered voters.

Hancock's voters on the Senate Concurrent Resolutions voted 2 to 1 in favor of all six measures.

Catahoula Precinct was the first to arrive at the County courthouse Tuesday night at about 7:10 according to Otis.

Arlington Precinct was the last of the 35 boxes to come in and it arrived at 11 p.m.

In Waveland

It's Longo 10-to-1; Council is revamped

By EDGAR PEREZ

Incumbent Mayor John Longo Jr. of Waveland scored an overwhelming victory in Tuesday's Democratic primary, but the three incumbent aldermen who faced opposition were defeated.

The unofficial count gave Longo 1,006 votes to only 179 for his opponent, Louis A. DiSalvo.

"I would like to sincerely thank the citizens of Waveland for the confidence they have expressed in me by reelecting me mayor," Longo said following his sweeping victory.

In the City's First Ward, 182 voters cast their ballots for City Clerk Barbara Rappold who defeated incumbent Charles Johnson.

An unofficial count at the Waveland Civic Center Tuesday night showed Johnson with 102 votes.

Terrence (Terry) Feeney, who was reported to have withdrawn from the First Ward alderman's race but whose name appeared on the ballot, received six votes, unofficially.

Veteran Councilman Albert Grass of Ward Two, seeking his sixth term, was defeated by challenger John (Jack) Toomey who polled 179 votes to Grass' 88.

A jubilant Louis Smolensky was all

smiles when a complete but unofficial county showed he had won over Third Ward Councilman Dan Campion.

Smolensky's tally was 179 to 190 for Campion.

Ward Four Councilman Herman Yarborough was unopposed in Tuesday's primary.

Waveland voters cast 356 votes for the state's new Republican senator Thad Cochran. His Democratic opponent, Maurice Dantin, was favored by 238 Waveland voters.

Charles Evers, the independent candidate in that race, took 33 votes in Waveland. Independent Henry J. Kirksey got one vote in each of Waveland's three boxes.

Circuit Court Judge-elect Kosta Vlahos led in Waveland as well as in the District as a whole. He polled 284 votes at the Coleman Avenue voting place to 167 Republican Jim W. Rose.

Following a pattern set throughout Hancock County, Waveland voters favored all six Senate Concurrent Resolutions to amend the State Constitution by a two-to-one margin.

The Democratic nominees for the City posts named Tuesday may face possible opposition in a general election Dec. 5.

Realtor Lee Ashman is reported likely to be an independent candidate for Waveland Councilman in the General Election.

WAVELAND WINNERS—Winners in the Democratic primary election in Waveland Tuesday include, from left, Herman Yarborough, councilman, Ward Four; Louis Smolensky, councilman, Ward Three; incumbent Mayor John Longo Jr.; Jack Toomey, councilman, Ward Two; and Barbara Rappold, councilwoman, Ward One. Highway 603 claims 7th victim in 3 months

By RICH ADAMS

A Pass Christian man from the Fenton Community killed in a two-vehicle collision Saturday on Hwy. 603 became the seventh accident-related death on Hwy. 603 since August.

Highway Patrolman Earl J. Cox said John R. Garriga, 63, Rt. 1, Pass Christian was killed when he apparently failed to yield to a tractor-trailer driven by Frank D. Necaise of Pass Christian.

Garriga was driving a pickup truck. Cox said seven people witnessed the accident, and all witnesses concur that Garriga looked both ways before pulling onto Hwy. 603 from Fenton Road near Kiln. Patrolman Cox estimated the tractor-trailer's speed as 40 to 45 miles-per-hour.

Cox said Garriga was thrown from his truck after being hit on the passenger side, and run over by the semi-truck.

The reason Garriga pulled in front of

the other vehicle remains a mystery to Highway Patrol investigators, according to Cox.

The officer said weather conditions were "clear as a bell" on the day of the mishap. Cox added he can't understand why Garriga drove into the path of the other truck.

Necaise was treated for shock, but was otherwise uninjured, the patrolman said.

7th VICTIM—Page 12A

P&Z meeting attendance encouraged

By ELLIS CUEVAS

Bay St. Louis City Council, at its regular meeting Tuesday, accepted the minutes from the Planning and Zoning Commission's meeting of Nov. 1.

The Council also approved a request from the commission to supply a secretary responsible to the City Clerk to record minutes of commission meetings.

The secretary would also send out notices one week prior to each board meeting and call each day before the meeting.

The Council was unanimous in the selection of Ms. Cathy Johnston, minute clerk for the Bay Council, to serve in the capacity of secretary for the commission at the rate of \$25 per regular meeting.

In other action Council approved a variance filed by Fred Wagner on behalf of Mr. and Mrs. William Goldman for construction on property located on Beverly Drive. The variance had already been approved by the Board of Adjustment.

The property owned by Pritchard Oil Company on Necaise and Union Streets has been cleaned with costs assessed to the owners. A clerk's fee of \$50 was charged plus \$125 cleanup charges.

The property owned by Sylvia Miller on St. George Street was to be set for a hearing but a letter was received by the Council notifying them that the owners were in the process of clearing the land. Council delayed by 30 days the hearing to give the owners time.

The Council then recessed the meeting until Thursday (tonight) at 7 p.m.

News Briefs

SALUTE TO ELVIS

A Salute to Elvis show, starring Charlie Raye and Lincoln County, will be presented at the Bay St. Louis National Guard Armory Thursday, November 30 at 8 p.m. The show, presented by American Sun Concerts, will be sponsored by the Bay St. Louis Police Department.

FLEA MARKET

The Bay-Waveland Garden Club is sponsoring a flea market from 10 a.m. to 2 p.m. Saturday at the Garden Center on Leonard Avenue, Bay St. Louis. Plants, home made bakery goods, and miscellaneous items will be offered for sale.

OYSTER FARMING SEMINAR

An oyster farming seminar, sponsored by Mississippi State University and the Cooperative Extension Service, will be held tonight at 7 p.m. at the Hancock County Extension Office at 405 Necaise Avenue in Bay St. Louis next to the St. Stanislaus football stadium.

TURKEY SHOOT

Leetown Volunteer Fire Department is sponsoring a benefit turkey shoot starting at 1:30 p.m. Sunday at the fire station site on Leetown Cutoff from Hwy. 43. Prizes include six turkeys and a quarter of beef, according to James Reister, department member.

LAST WEEK FOR FOOTBALL

Three local football contests will be played in Hancock County Friday, all three closing out the season for local teams. The Hancock North Central Hawks host Pass Christian at Hawk stadium, the Rock-A-Chows play at home against Vancleave to determine second-place in the Pascagoula River Conference, and the Bay High Tigers meet St. Martin in Tiger Stadium. All Friday games begin at 7:30 p.m.

Corps presses County for Bayou Cadet decision

By RICH ADAMS

The U.S. Army Corps of Engineers has asked the Hancock County Board of Supervisors to take a formal position on a spoil disposal site for a proposed Bayou Cadet anchorage basin.

In turn, the Supervisors have asked the Corps for more time in face of an ultimatum from the Engineers to either proceed with development plans or the federal agency will drop the entire project.

The Board passed a resolution Monday requesting the extension of time from the Corps after Wilson W. Webb, Hancock County Port and Harbor Commission executive director, presented the Board with a letter from Colonel Charlie Blalock, commander of the Corps' Mobile District.

In his letter to the supervisors, Blalock cited problems encountered in planning the anchorage basin, and requested the supervisors' formal position with respect to the plan.

A public meeting was held by the Corps on May 18 of this year, and financial problems and environmental barriers were predicted in locating a

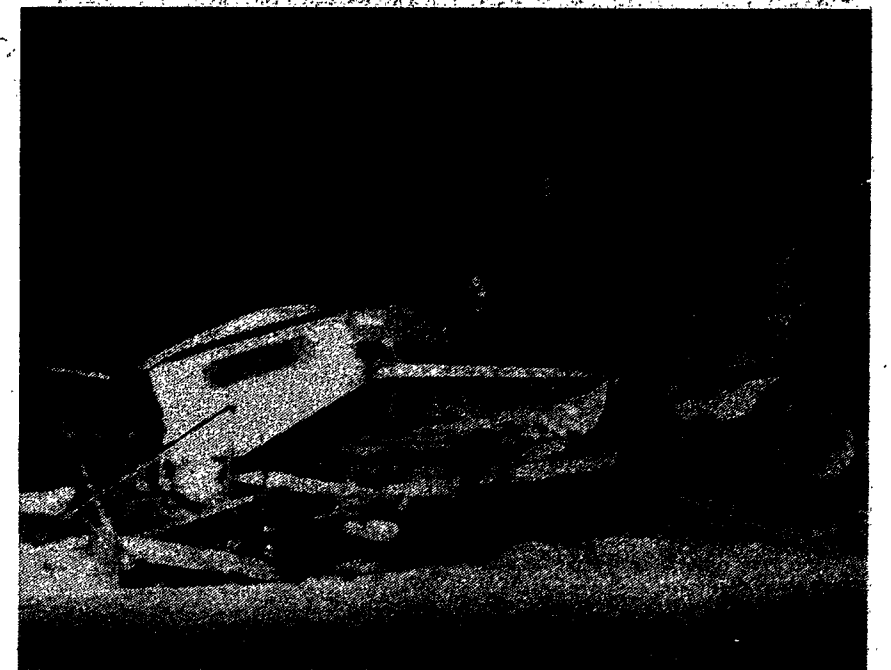

spoil disposal area for the basin.

The Corps, in its fifth year of feasibility studies concerning the anchorage basin, notified the board of the difficulties encountered thus far.

Although development of the considered plan had been coordinated with the County Port and Harbor Commission, it was indicated at the public meeting also held in May that the county would have certain problems in providing the disposal area included in the plan for improvement and could not support the plan as defined at that time. Blalock's letter to the Board read:

"Subsequent to the public meeting, my staff has met with the County Port and Harbor Commission and other involved state and federal agencies to investigate other alternatives which would be economically feasible, environmentally acceptable and satisfactory to the county. Although several other alternatives have been investigated, the plan identified in the draft report remains the only (plan) meeting both the necessary economic

BAYOU CADET—Page 12A

ANOTHER DEATH ON HWY. 603—John R. Garriga, 63, Rt. 1, Pass Christian in the Fenton Community was killed Saturday on Hwy. 603 near Kiln when his pickup truck was struck by a semi-truck driven by Frank D. Necaise of Pass Christian. Highway Patrol officials said Garriga was driving his pickup truck and failed to yield to the larger vehicle. Garriga's death is the seventh death on Hwy. 603 since a proposal was introduced in August to the Hancock County Board of Supervisors by Beat Three Supervisor Oscar Peterson to four-lane the highway. (Photo Special to the Sea Coast Echo)

Editorial Opinion/Ellis Cuevas

Necessary crackdown on Hwy. 603

We know about those who don't want the Highway Patrol to tighten up on the speeders on Hwy. 603.

If the Highway Patrol doesn't cut down on the speeders, more people, often the innocent, are going to get killed on that highway.

The speed limits are set for a reason, and we as good citizens should observe them at all times.

We should never criticize an officer of the law performing his duty and the duty of Highway Patrolmen is to protect lives.

Speeding is right behind alcohol as the leading cause of deaths on the highways of the U.S.

We doubt if there is any highway in the State of Mississippi which has as many fatalities as Hwy. 603 during the past few months, mile for mile.

The energy shortage was a blessing because death rates in the United States on highways took a deep plunge when the speed limits were reduced from 70 miles per hour down to 55.

We travel Hwy. 603 quite a bit, it is winding with lots of tricky curves, yet a motorist traveling 55 miles per hour is continuously passed by drivers in a dangerous hurry.

It was good to get reports Tuesday that the Highway Patrol is cracking down on speeders on Hwy. 603. We were told by one motorist he was issued a ticket for doing 61.

He was from another county and was surprised, but when it was explained to him how many had been killed recently on Hwy. 603, he wasn't a bit upset about the ticket.

We saw a patrolman issuing a ticket in the Kiln area ourselves before noon Tuesday. In further checking, we found out that some 50 citations were issued that day with the majority going for speeding.

We all must check our speed on Hwy. 603. Too many have been killed in recent months. The Highway Patrol is doing its job by issuing tickets for speeders and we hope they will continue to crack down, especially on Hwy. 603.

The hardest stories for newspaper men to write are those dealing with someone killed unnecessarily in an automobile accident.

Slow down and live.

Hancock to celebrate Veterans Day Nov. 10

By ELLIS CUEVAS

The annual Veterans Day parade sponsored by Clement R. Bontemps American Legion post No. 139 will be Friday in Bay St. Louis.

Formation of the parade will be on the Carroll Avenue side of Bay Junior High. The formation will be completed at 9:30 a.m. according to Lucien Kidd, parade co-chairman.

The march will start at 10 a.m. sharp, working its way through the streets of Bay St. Louis and finishing at the Hancock County Courthouse with a 30-minute ceremony.

J. D. (Big John) Rutherford, co-chairman for the event, says the guest speaker will be Lucien Ger, local attorney.

Veterans of WWI will be the honored guest at the courthouse ceremonies.

Participants in the parade will include the bands of Bay High, Hancock North Central and St. Stanislaus. Students of all Hancock County's public and private schools will join in the parade.

Special marching groups from the schools, Boy and Girl Scout troops, Brownies will also participate in the parade.

The parade will be escorted by Hancock County Sheriff's deputies, Bay St. Louis and Waveland Police Departments.

A map of the parade route is published elsewhere in this issue.

FIGURING PERCENTAGES-Terrell Randolph, left, Hancock County Superintendent of Education, and Thad Haskins, principal of Hancock North Central, try to compute percentages on vote tally for bond issue. Unofficial returns show the bond issue lacked two votes from receiving 60 per cent needed for approval. Election commissioners are meeting today to recount the ballots and certify Tuesday vote. Mississippi pecan crop may top 10 million pounds

Pecan Week is being observed this week by proclamation of Governor Cliff Finch in cooperation with the Mississippi Pecan Growers Association and the Mississippi Department of Agriculture and Commerce. Pecans - "The King of Nuts" - will produce a crop of approximately 10 million pounds this year, according to Jim Buck Ross, Commissioner of Agriculture and Commerce. "This should mean \$7.5 million to our farm producers, provided the quality is good," Ross added.

The chemical composition, as well as food value, will vary somewhat from variety to variety. Rainfall, attacks by diseases and insects, temperatures and soil fertility will affect chemical composition.

The pecan was recorded as a favorite food of the American Indian and persists in popularity today as it is the most preferred nut consumed in America. Pecans are used for more purposes in the United States than any other nut.

The rich kernels are the basis of a host of regional confections.

The Thanksgiving and Christmas holidays are fast approaching.

Many housewives are harvesting or purchasing pecans to use in holiday baking. Occasionally, there are more pecans than can be readily used for holiday baking. Do not let them waste. Keep pecans for year-round cooking purposes.

Freezing is an excellent method of preservation. Pecans can be shelled, put into plastic bags and frozen for year-round use.

If pecans are to be stored for any length of time without freezing, they should be maintained under cool, dry clean conditions. Moist or warm storage conditions cause fungal activity and ruin the kernel quality.

Refrigerated storage stops insect damage; prevents molding; retards development of staleness and rancidity; and preserves the natural flavor, color and texture of shelled pecans for as long as eight years. Such storage does not damage pecans even at temperatures as low as minus 171 degrees F.

There is a tendency for pecans to deteriorate from the time they drop from the tree. The first requirement for successful storage is to check for early stages of deterioration. For best results, pecans should be

dried and stored under refrigeration within a month of harvest.

Housewives should shop for pecans that do not show cracks or holes from insect damage. Ask your produce manager if the pecans displayed are this year's crop.

Find out the origin of the pecans.

Often times pecans in stores early in the season are last year's pecans. Many states ship pecans to Jackson's large retail outlets which are inferior to Mississippi grown pecans.

Last, but certainly not least, the housewife should return pecans that are a low quality to the point of purchase. The intent of the Mississippi Pecan Growers Association is to supply the consumer with the best pecans possible. In 1976 Mississippi produced

the best pecans in the United States, and it looks as though Mississippi's commercial growers are doing the same again in 1978. To obtain free pecan recipes, write: Consumer Tips, P.O. Box 1609, Jackson 39205.

Rogers, assistant adjutant general, Mississippi National Guard; Wesley L. Reeves, national executive committeeman, Disabled American Veterans; Horace Cupit Jr., state adjutant quartermaster, Veterans of Foreign Wars; and Gaddis M. Williams, department adjutant, Disabled American Veterans.

Waveland Players present

"Our Town"

Nov. 16, 17, and 18

The Waveland Players will present Thornton Wilder's Pulitzer Prize winning play "Our Town", Thursday, Friday, and Saturday, November 16, 17, and 18 at the Civic Center on Coleman Avenue in Waveland.

"Our Town" has become the classic drama depicting small town life in the United States during the early 1900s. The play spans the life time of human experience, with each of the acts depicting changes in our social progress through this world.

Act I shows the pains and pleasures of growing up. It does not depict any crisis or dramatic situation, only the daily maturation process which takes place as we about our daily lives. We set up - work, go to school, church, have contacts with our neighbors and prepare for another day.

Act II is the major change which each family experience as the children leave home to marry and make their own homes and lives. Titled "Love and Marriage" this act movingly dramatizes the hopes and fears of those taking this step. Act III depicts death and the oversights and slights we know we have imposed upon ourselves and others through life.

Perhaps each of us will go away from this play with at least a short time resolution to put our priorities on the spiritual and meaningful relationships in our lives, and make an effort to appreciate each and every minute given to us.

The cast includes Doug Koger, Lynn Shaw, Frank Richter, Jay Decker, Golda Lister, Linda Dorion and Walter Vaughn in the major roles.

The Pam Baumgartner production is directed by Ted Stechmann, an experienced director in little theater. The play promises to be both entertaining and moving, providing a most enjoyable evening.

Curtain time is at 8:15 p.m., Thursday, Friday and Saturday, November 16, 17, 18 at the Civic Center in Waveland. Tickets are available at the door or from any Waveland Player's member.

IN BUSINESS SINCE 1925

Contract let on Space Shuttle tank facility

Martin Marietta has announced the award of a \$7.3 million contract to Boh Brothers Construction Co., Inc. of New Orleans for construction of a new building for assembly of the Space Shuttle external fuel tanks at the NASA Michoud Assembly Facility.

Boh Brothers is currently completing construction of the foundation of the building under a previous \$1.2 million contract.

Martin Marietta is the principal industrial contractor

to the National Aeronautics and Space Administration for the design, construction and testing of the external tank.

Work on the 112-ft. tall building will begin immediately with completion scheduled in March 1980. This is one of several new structures which Martin Marietta is building for NASA which will allow the firm to double the production rate of external tanks to 24 per year.

The new building will house up to five work positions which will be used to apply ablator material to the outside of the

huge tanks to resist aerodynamic heating during Space Shuttle launch.

The work positions will also be used to spray the entire tank with a two-inch foam-like insulation to prevent ice and frost from forming on the tank prior to and during flight as the result of extremely cold liquid rocket fuel which the tanks carry.

The external tank is the primary fuel supply for the Space Shuttle orbiter main engines during launch. The first launch is scheduled late next year.

WAVELAND SMALL ANIMAL HOSPITAL—The Waveland Small Animal Hospital on US-90 is having an open house, Saturday at 10 a.m. The 17-room facility, designed by Earl Demarcay, right, is virtually fireproof and hurricane resistant. Awaiting the Saturday grand opening are, from left,

Ronnie Artigues, contractor; Felice Mollere, receptionist; Dr. Herbert LeBourgeois and his wife Joan, owners; and Demarcay. Anyone interested in touring the new hospital is invited to the open house. (Staff photo-Rich Adams)

Costs force SPCA to charge fee

The Humane Society-SPCA in Harrison County is facing a major financial crisis. For over 25 years the Society has served the citizens and pets of Harrison County; providing shelter and care to homeless unwanted animals.

The Society is not funded by city, county, state or federal government. The Society operates on donations and free-will offerings.

Unfortunately, the majority of pet owners bring animals to the Shelter (60 to 70 percent) make no donation whatsoever to help cover the cost of providing care to unwanted pets.

Increased operating costs and lack of funding have, therefore, forced the Society to require a donation from people using the Shelter.

The Society is grateful to its many supporters and hopes that the citizens of Harrison County will agree that the financial responsibility of pet care is an obligation of the pet owner.

Obituaries

MRS. EMMA SYKES KENNON

A graveside service for Mrs. Emma Sykes Kennon, 91, who died Nov. 1, 1978, in Mirama Nursing Lodge in Pass Christian, was held last Thursday afternoon at the Greenwood Cemetery, West Point, Miss.

Riemann Funeral Home, Gulfport, was in charge of arrangements.

Mrs. Kennon, widow of William Lee Kennon, was born July 7, 1887, in Kansas City, Mo., and had lived on the Coast since 1955. She graduated from the University of Mississippi where she was a member of Chi Omega Sorority. She was a Methodist.

Survivors include a son, Summerfield Sykes Kennon, Biloxi, and one grandchild.

JOHN GARRIGA

A visitation for John R. Garriga, 65, was held Sunday at Reimann-Fahey Funeral Home in Bay St. Louis.

An 11 a.m. mass was celebrated Monday at St. Joseph's Catholic Church with burial in Fenton Sand Hill Cemetery.

Mr. Garriga, a resident of Route 3, Box 342, Pass Christian, in the Fenton community, died Saturday in an automobile accident.

He was a retired construction worker and a life-long resident of Pass Christian.

Survivors include his wife, Mrs. Virginia Ladner, of Fenton; a son, Kenneth Garriga, of Fenton; two daughters, Mrs. Lena Bennett and Mrs. Rita Necaise, both of Kiln; a brother, Dudley Garriga, of Salt Lake City, Utah; four sisters, Mrs. Vera Necaise and Mrs. Allie Moran, both of Fenton; Mrs. Verna Carter of New Orleans; and Mrs. Merle Kelly of Saugus, Calif.; and five grandchildren.

THE THREE SONS of Eleanor of Aquitaine and Henry II of England in the Bay St. Louis Little Theater production of 'Lion in Winter' are portrayed by John Widepman, left; Loren Hover, center; and Stuart Allen. Curtain is at 8:15 p.m. Thursday, Friday and Saturday at the Boardman Street playhouse with tickets available at the door. (Photo by Bob Hubbard)

Opinion/Ellis Cuevas

Not too many left to remember!

In Hancock County, we have only a handful of Veterans who fought during WWI, who remember the signing of the Armistice 60 years ago.

Many loyal Americans lost their lives in WWI, WWII, and the Korean and Vietnam conflicts.

Thousands of men and women have served during these wars and also during peacetime. The ones serving during peace time help keep the peace.

If we are to remain at peace as a nation, we must stay strong, and in order to stay strong we must have a strong military forces.

Tomorrow, Friday, Nov. 10, we will be able to offer some appreciation for those who have served our country in the military as loyal Americans by attending and participating in the annual Veterans Day parade and ceremonies at the Hancock County courthouse.

Hats off to every loyal American who has served this nation in the military and also to those serving today.

United Way nears goal

By ELLIS CUEVAS

Wayne Ducomb Jr., United Way campaign chairman, reported Tuesday, Hancock County's goal of \$35,000 for 1978 is within reach with the campaign nearing its end.

A total of \$17,193 in donations and pledges added to the anticipated \$15,000 share from the Combined Federal Campaign gives Hancock County's United Way a total of \$32,193.

The Combined Federal Campaign which includes NSTL employees, postal employees, Veterans Administration, Veterans Hospital, naval base, etc., has been extended until November 17.

J. Norton Haas, president of the Hancock County United Way, chaired the meeting held at the Valena C. Jones Center.

A successful telephone campaign in

Bay St. Louis and Waveland was discussed. Several volunteers talked about how they went door to door for donations in the outlying areas of Hancock County.

A critic of this year's campaign was held. Among those attending were: Gus Uram, Ducomb, Richard Fayard, Mrs. C.R. Beyer, Wallace Bradley, Eve McDoanld, Mrs. Theresa James, Mrs. William Schaefer, Heas, Ellis Cuevas and Conrad Mauffray.

On November 6, Jerk Hlass, CFC chairman announced that the two-week extension of the campaign should help the CFC exceed its goal of \$340,000.

The CFC is sponsored by the Mississippi Coast Association of Federal Administrators (MCAFA) and includes all Federal agencies along the Gulf Coast from Bay St. Louis to Pascagoula.

The money collected is contributed to four Mississippi counties (Pearl River, Hancock, Jackson and Harrison) and two Louisiana parishes (St. Tammany and Orleans) as well as national health and international service agencies.

Most of the agencies are either close to 100 percent of their individual goals or have exceeded them. The Navy office in Pascagoula has achieved 117 percent, the Forestry Service in Gulfport has reached 109 percent; and the Federal agencies at the National Space Technologic Laboratories (NSTL), Bay St. Louis, and the Veterans Administration in Gulfport have hit 103 percent.

Some agencies whose personnel have been temporarily at off-site locations during recent weeks are expected to boost their percentages substantially in the next two weeks.

The CFC drive will end on November 17.

The impact of the CFC on the United Way Campaign is indicated by the fact that the bulk of the funds provided by Pearl River and Hancock counties are contributions from the Federal and industrial employees at NSTL. The Navy activities at NSTL alone have already produced \$26.9 thousand.

"This record is evidence that Federal employees on the Gulf Coast, particularly those who have relocated to this area in the past few years, have become solidly assimilated into the communities where they chose to reside and are strong supporters of local institutions," stated Captain C.G. Darrell, publicity chairman for the MCAFA CFC.

AND IN THIS CORNER! - Barbara Rappold, right and Charles Johnson display a friendly rivalry during Tuesday's election. Rappold defeated Johnson in his bid for reelection as alderman for the First Ward in Waveland. (Staff photo - Edgar Perez)

Hospital rites join couple

By GERI MILLS

Janet Marie Schoener and James (Jimbo) Kergosien Morlan were married in 4 p.m. ceremonies Sunday, not at the home of Morlan's uncle as originally planned, but in Room 3077 of Gulfport Memorial Hospital.

Rev. Charles Johnson officiated at the nuptials which were originally planned for that same day, but which became doubtful after young Morlan sustained severe neck injuries in an early morning auto accident last Friday.

The couple, after dating for five years, decided not to let accidental circumstances interfere with their plans, and were married on schedule.

The bride wore a rust-colored three piece outfit and was attended by her maid of honor, Ms. Doris Merritt of Pass Christian. The best man was George Mayfield of Waveland.

Also witnessing the ceremony were the bride's parents, Mr. and Mrs. Otto Schoener and her brother John Schoener, all of Pass Christian; the

groom's mother, Mrs. James Keating Morlan of Bay St. Louis; and the groom's sister, Mrs. Ann Quinlan of New Orleans, La.

Also present were the groom's aunt and uncle, Mr. and Mrs. Ulyses Cuevas of Bay St. Louis.

The groom attended St. Stanislaus College and the University of Southern Mississippi. He is presently the owner and manager of Dunbar Package Liquor Store. He is the son of the late James Keating Morlan.

The bride attended Pass Christian High School and was employed by Dr. N.G. Elchos of Bay St. Louis. She has taken a leave of absence in order to manage their business until her husband is able to return.

They will reside at 108 Chartres Street, Bay St. Louis.

Morlan was reported in good condition following surgery Tuesday. He is scheduled to remain in Gulfport Memorial Hospital approximately six weeks.

Indictment rate down 20 percent

The number of criminal indictments handed down each year by Grand Jurors in Hancock County has remained virtually unchanged since 1973, according to a report from the Mississippi Judicial Council.

Hancock County reported some 48 indictments in 1973; 47 in 1974; 48 in 1975; 59 in 1976; and 47 in 1977.

Also in the Second Judicial District, Harrison County reported 615 indictments in 1973; 461 in 1974; 451 in 1975; 547 in 1976; and 469 in 1977.

Stone County reported 14 indictments in both 1973 and 1974; 27 in 1975; 8 in 1976; and 25 in 1977.

The general drop in Harrison indictments during the period contributed to a 20 percent decrease in the Second District overall, compared to a 46 percent increase in criminal indictments across the state from 1973 through 1977.

The Judicial Council said statewide the number of indictments increased from 4,622 in 1973 to 6,734 in 1977.

The report noted, however, that statewide the rate of increase has declined from an 18 percent increase between the years 1973 and 1974 to a two percent increase between 1976 and 1977.

The greatest increase in indictments occurred in the 10th Circuit District, which presently consists of Clarke, Lauderdale, and Wayne counties.

Indictments in the district rose 236 percent from 1973 to 1977, from 106 indictments to 358.

District 11-Bilivar, Coahoma, Quitman, and Tunica Counties showed the greatest decrease, 38 percent from 231 indictments in 1973 to 166 in 1977.

Dan McDaniel, executive director of the Council, cautioned that these figures deal with indictments, rather than number of defendants indicted.

Prosecutors use different methods in indicting criminal defendants, and one indictment might include numerous defendants, although each defendant is usually tried separately.

This is illustrated by the statistics for 1977, in which there were 6,734 indictments handed down in Mississippi and a total of 8,308 defendants indicted.

The statistics analyzed for 1973-1975 were taken from a study of the Mississippi court system prepared by the Office of the Governor's Criminal Justice Planning Division and the 1976-1977 figures were collected by the Mississippi Judicial Council.

This data is now a part of the information collected on a monthly basis by the Mississippi Courts Information System to be utilized by the Judicial Council in its continuing study of the administration of justice in Mississippi.

The Courts Information System collects filing and disposition information on each case filed in Chancery, Circuit, and County Court through reports submitted by the Chancery and Circuit clerks of each county to the Judicial Council. The latest figures compiled by Bob McMorro, statistician for the Judicial Council, reveal that in August, 1978, a total of 7,704 new cases were filed in the Chancery, Circuit and County Courts in Mississippi.

Corps lets contract on 1st ammo building

The first building at the Mississippi Army Ammunition Plant site at National Space Technology Laboratories in Hancock County will be constructed by a Dallas, Tex. firm.

Centrex Construction Co. has been awarded a contract to build a 155mm ICM Projectile Metal Parts Facility. Amount of the contract is approximately \$33 million and construction will be performed under the direction of the U.S. Army Corps of Engineers, Mobile District.

The contract provides for completion of the facility in approximately 28 months. Ken Eselman will be the site project manager for Centrex.

The projectile building will be a steel structure over concrete floors and will cover 10 acres under roof.

"Bidding for the contract for this size building was very close," said T. C. Waller Jr., area engineer for the Corps. "Five of the construction firms were below the government estimate, which proves how competitive this job was."

"This is just a start of \$398 million in construction of the Mississippi Army Ammunition Plant at NSTL that will be a five year program," Waller continued. "The plant is scheduled for completion in 1983."

The next Corps project will be additional site work in the way of road and drainage canals, which is scheduled for the early part of 1979.

To The Editor

OLA Book Fair

Nov. 7, 1978

Editor
Sea Coast Echo

Thank You:

The OLA Book Fair was a resounding success for Our Lady's Academy, and for the great numbers of people who have now stocked their book shelves with bargains in books.

We wish to thank everyone who donated books. Without their donations, this project could not have worked.

A very special thanks to the staff of the Sea Coast Echo for their support, in giving us excellent newspaper coverage.

We are already making plans for next year's book fair, and will be collecting books throughout the year to prepare for it.

Very truly yours,
Audrey Comeaux
Book Fair Chairman

Coliform count?

Editor
Sea Coast Echo

Dear Sir:

On May 16, 1974, Dan Barber, an Echo staff writer, wrote an article pointing out that fecal COLIFORM counts in water around St. Stanislaus College were way above a log mean of 200 per 100 milliliters considered a safe bacterial standard.

Water around the college showed a count of 930 on January 28, a count of 1,500 on February 4, 1974, and a count of 46,000 on February 13.

He also quoted State Health Officer Dr. Alton Cobb who said, "There is extensive evidence that body contact with waters having such elevated bacteria counts may produce inflammation and infections of the skin, eyes, ears, etcetra; and, if such water is accidentally ingested, this may produce illness such as hepatitis and various types of gastrointestinal disorders."

I did not take the article too seriously until all nineteen children who celebrated the Fourth of July at our home and swam out in front got either ear aches or violently upset stomachs that night.

It was pointed out by a Bay St. Louis official that pollution counts drop considerably if you take the tests farther from the beach; however, I am concerned because three of my children do not swim so we do swim next to the shore and play in the water.

What is the current situation?
Sincerely,
Margie Villere
414 South Beach

Out in the open

Editor
Sea Coast Echo

Dear Sir:

Over the last few weeks I have been reading the many news stories about the Bay St. Louis School System. I've read about stolen supplies, about inadequate facilities, and about the superintendent of education misleading the PTO.

The big question in my mind is what are our local officials doing about it?

The school board's duty is to oversee the operation of the schools. Why haven't they taken action on these problems? It is a sorry state of affairs when ordinary citizens have to take their valuable time to fight their way through red tape just to ask the Board

of Trustees to do their job.

What about the Bay St. Louis city officials? They appoint the majority of the school board, and the city levies the school district taxes. When are mayor Bennett and the city council going to show an active concern about how our tax money is being spent?

The same holds true for the City of Waveland. Waveland officials don't pass the taxes, but they certainly represent the people who pay them.

Our elected officials are the only people we the taxpayer can hold accountable. If the school board is not doing its job, it is time for the elected officials of Bay St. Louis and Waveland to take action.

If action is not taken, our tax money is bound to be wasted. But that is not the important issue. What is important is the education of our children. We must maintain the quality of our schools for the benefit of these children who are the future taxpayers of our community and the real future of our town.

Thank you so much for allowing me to express my feelings through your newspaper. I feel that it is an asset to our community as a means of getting important issues out in the open instead of around cozy little meeting tables.

Sincerely yours,
Mrs. James G. Hale
Bay St. Louis

Answers lacking

Editor
Sea Coast Echo

Dear Sir:

Why can't the North Bay PTO receive any answers from our school officials on the recent theft of our children's school supplies.

If this is a moot issue, it is because they aren't talking.

It seems to me they have a bad case of the "No's" - no police report; no supplies; no insurance and no comment.

While all of this is taking place our children are suffering. These supplies were instructional supplies and our children are now in their 12th week of school without them.

If these supplies haven't been yet re-ordered then why not?

And if they have been re-ordered - then why has it taken so long?
Are these supplies imported from foreign countries or do they come from within the boundaries of the United States?

There is one important issue that our school officials seem to forget and that is - the citizens, parents and taxpayers of this community help to pay their salaries and we deserve the right to some honest answers.

My children were educated in this system and the same lack of communication that existed then, exists now.

Sincerely,
Mrs. Harold Krankey
Bay St. Louis

Sees evil cloud

Sea Coast Echo
Bay St. Louis, Ms.
Editor

Dear Sir:

After reading in Echo and other news media of leakage from tank cars carrying chemicals and toxic gas, gave me deep fear and apprehension.

How many of us would relish, say about I am in freezing cold weather of winter being aroused from a nice warm bed with a knock on our door, to "evacuate immediately."

How many of us have given a thought to such a horrendous invitation?

I am never surprised, in this day and time, of any ominous situations.

Our Mayor Bennett is to be commended for his staunch support and concern for the citizens of Bay St. Louis and human life in general.

I had written some time ago of all the explosions, derailments, barge crashes, fires, forest destruction, oil wells blowing out of control, murders, rape and robbery; such depredations and its constant repetition, all over our nation.

Most of it is arson and deliberate conspiracy. These violent acts should not be classes as accidents. Those of us who are aware of conspiratorial enemies within are often criticized by the elite and "good time Charles," as paranoid misfits as they did in the case of poor old Joe McCarthy of Wisconsin, when Communism was on the rampage after W.W. II.

Let us pause and give recognition and pray to our Divine Providence for the cessation of this evil cloud over our America, and the world in general.

Sincerely,
Eleanor Everett McFie
Bay St. Louis, Ms.

Employment fluctuates in Counties

Statistics from the tri-county area of Hancock, Harrison and Stone show there were 120 fewer unemployed in September than in August of 1978, reports the Mississippi State Employment Service.

In August 4,820 people were unemployed compared to 4,700 unemployed in September.

The size of the total civilian labor force for September also decreased from the August figure of 61,550 to 60,840 in the tri-county area.

The Mississippi Employment Service stated this drop is due to students leaving the labor force and normal seasonal employment patterns.

A reported 58,140 people were employed out of the total civilian labor force in September.

A breakdown of the employed total shows 47,630 are nonagricultural wage and salary workers; nonagricultural and others 7,820 and 690 agricultural workers.

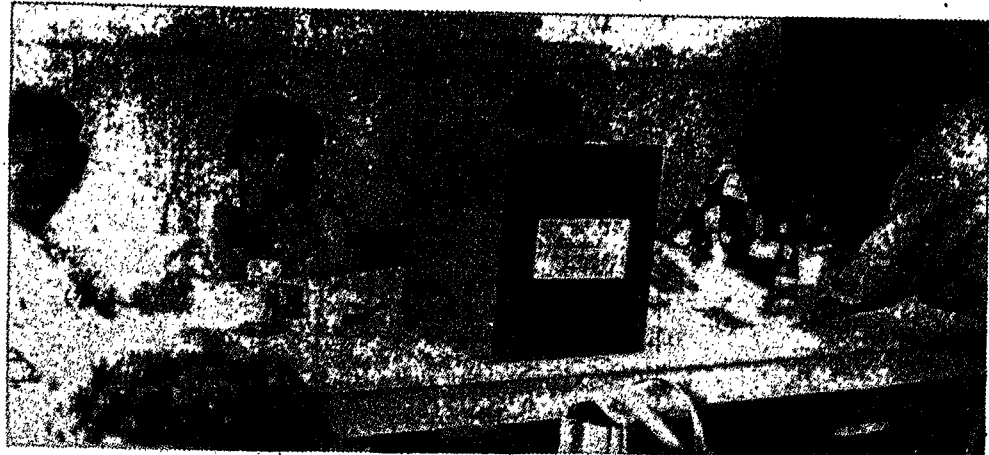

The total civilian work force for September 1978 is 1,350 greater than it was one year ago at this time.

Some 390 more people were unemployed in September of 1977 than in September 1978 and 1,740 more people are employed this September than in the last.

The Mississippi Employment Service said the figures are based on workers' places of residence.

High School, Junior College Day is Saturday at Ole Miss

Public officials from across the state will be honored and thousands of high school students will be special guests when The University of Mississippi holds its annual Public Officials Day and High School-Junior College Day on Saturday, Nov. 11.

Legislators and other state officials have been invited to a reception and luncheon in their honor on the Oxford campus immediately before the Ole Miss-Tulane football game at 1:30 p.m. in Hemingway Stadium.

State legislators will be welcomed by students and University faculty and staff members from 9 a.m. to 1 p.m. in the Ole Miss Union.

Lt. Gov. Evelyn Gandy is scheduled to represent the Mississippi Building Commission at 10:30 a.m. ceremony when the cornerstone of the Ole Miss Union will be put in place.

High school and junior college students will also be special guests of the University. They will be welcomed at 9:30 a.m. in

Fulton Chapel by Chancellor Porter L. Fortune Jr. After the Chancellor's remarks, students who registered for High School-Junior College Day will be able to obtain \$1 tickets for the Ole-Miss Tulane game. High school and junior college students will be able to talk with departmental

representatives and tour the campus.

Displays from various academic departments will be set up in the Union and manned by representatives of the departments during the morning.

"The Group," the University's song and dance

ensemble, will perform in the Grove at 11 a.m.

WELCOME BACK—While few would quarrel with the beautiful skies which prevailed this fall, it is a welcome sight to see the clouds which returned again to the Hancock skyline this week, here contrasting with a starkly beautiful, wind-battered tree on the beach. (Staff photo-Randy Ponder)

SSC Cheerleaders to perform for Saints in Superdome Sun.

The St. Stanislaus varsity cheerleaders have been invited to cheer for the New Orleans Saints this Sunday in their game against the Atlanta Falcons.

With the improved record of the Saints this year, a near sellout crowd is expected for the game starting at 1 p.m. in the Superdome.

The St. Stanislaus cheerleaders are led by senior captains Billy Babst and Fran Sallinger.

Other members of the squad

are Tony Fasullo, Missy Treutel, John Wideman, Renee Jarreau, Doug Koch, Suzi Kergsten, Tim Simmons, all seniors; Stacie Comeaux, junior; Bobby Perez, senior; and Delarie Ladner, junior.

The girl cheerleaders are all students at Our Lady's Academy.

This past summer the girl cheerleaders won the coveted Spirit Award at the National Cheerleaders' Association clinic in Perkinston.

This Spirit Award is one of the top two awards presented annually at the clinic.

Last year the boys and girls also attended a special N.C.A. clinic in gymnastics at which they learned many of the partner stunts and pyramids they now perform.

The St. Stanislaus cheerleaders will close out their football season this Friday night when the Rock-A-Chows host Vanceave in Bay St. Louis.

PRC posts losing season

Pearl River Junior College's Wildcats, tied North Division Champion, Mississippi Delta, this past Saturday, but still lost their bid to stay out of the PRC record book.

The 7-7 decision with the Trojans put the Wildcats overall record for the year at 4-5-1, and assured the 1978 team, and head coach J.C. Arban, of a place in the annals of Wildcat history. The less than 500 season was the first

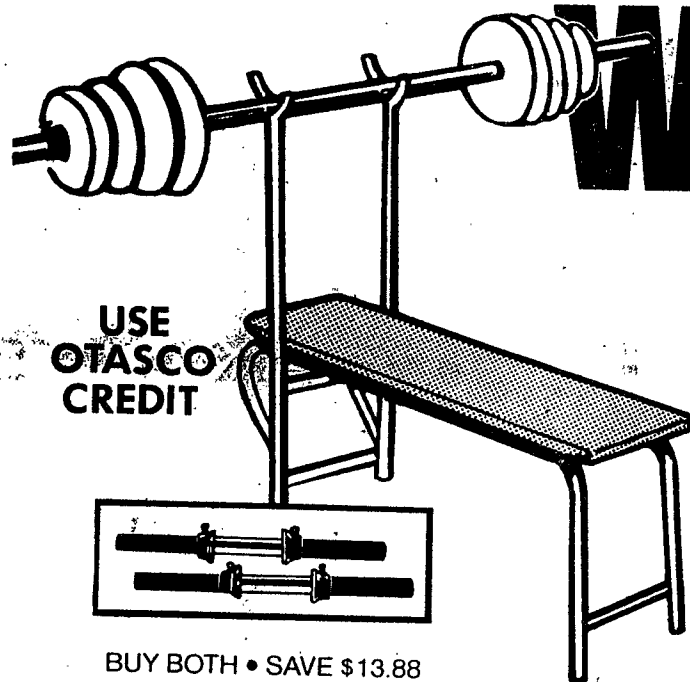

for head coach Arban and only the second in the history of Wildcat football.

Pearl River began the season as if this may be the year that the state championship trophy would return to the Poplarville campus. Early in September, the Wildcats knocked off Northeast Hinds and Holmes in succession, and was posting a 3-0 record and a number 10 ranking in the nation.

Jones handed the Wildcats their first setback on Sept. 23, and things began to look questionable from then on. PRC did beat Itawamba the next week in a hard fought 12-5 decision. But after that victory, the season went straight downhill.

After posting a 4-1 record through the first five encounters, the Wildcats lost four straight and then tied Delta this past week.

Happenings

The combination Birthday and Halloween Party, was the most successful monthly event held this year, as 110 joyful Seniors filled the dining room of our Center to the brim Monday, Oct. 30.

An afternoon of surprises started with Colby Fabian, pianist, who has been very well received as a concert artist and a very versatile musician in both classical and jazz fields.

Eddie Englehorn, an accomplished tenor saxophonist and clarinetist who has made several appearances at our functions with great success was backed up by Yours Truly on the drums, offering many of the favorite standards such as The A Yellow Ribbon Around The Old Oak Tree, Hello Dolly, Once In A While, The Waltz You Saved For Me, My Blue Heaven, and many other oldies.

The Seniors were in a dancing mood and as many of them kept applauding for more music. Each and everyone extends their gratitude to Colby and Eddie for taking the time to entertain and for a job very well done.

Children from the Day Care Center and Nursery of the Lutheran Church of the Pines, aged four and five, presented a Variety Program of songs, dances, and recitations narrated by Marie Bernard which held the attention of everyone present. Our Congratulations to Marie and all the children for a wonderful performance.

Birthday Greetings were extended to the following October celebrants: Frank and Mary Geraci, who recently celebrated their 43rd wedding anniversary; Ivory Williams, Eunice Dunbar, Pearl Duvernay, Margaret Smith, Yvonne Vergillio, Annie Thomas, Elma Joubert, W. J. Howard, Alfred Roehm, Ana Garcia, and Thelma White.

Annie Thomas was the winner of the Birthday Prize, two chicken dinners and beverage donated every month by our Good Friend Buddy Morrow of Danny's Fried Chicken Restaurant, on US-90, Bay St. Louis.

The Door Prize was won by Alfred Roehm who was celebrating his 90th birthday - two buffet lunches and beverage donated by the Pizza Hut, also on US-90.

Many were dressed in a variety of costumes, portraying Frankenstein's Monster, King Kong, witches, skeletons, who kept everyone in a "Guess Who" mood.

Thelma White won the prize for the fanciest costume, a floral plant, donated by Mrs. Gavenay of Security Savings and Loan Association.

Louise Banks and Honorine Huges won consolation prizes as runners-up donated by the TG&Y, Waveland.

From the land of horror, Harwood Paugh appeared as Frankenstein's Monster and carried away the prize of a ceramic pumpkin made and donated by the Ceramic Class.

Harwood was also the winner for the most original costume. Depicting the Spirit of Halloween was Genevieve Cole, followed by runner ups Mary Fantado and Bernice Rheames.

Mrs. Cole won a Pumpkin, donated by the Ceramic Class. Runners up won gifts donated by TG&Y of Waveland.

Two birthday cakes were donated by the People's Federal Savings and Loan Association. Ice was, as always donated by Ronnie Stocum of the A&P Food Stores. Many thanks to all the merchants and friends who help to make each event a great success.

As always, Orchids to our RSVP Volunteers, Telephone Committee: Jewel Stratton, Cecile Galvan, Eva Ruhr, Maggie Dambriano, Jennie Taconi, Lucy Bratt, and Nina Garner.

Servers: Ethel Dorman, Julia Liddy, Eunice Arnold, Thelma White, Jewel Stratton, and Audrey Curet, who is not an RSVP member but who is always there to lend a hand. Our Special Thanks go to the Staff, who did a magnificent job in decorating the festive dining room.

As always there active participation along with our

unsung heroes and heroines behind the scenes, the RSVP Volunteers and the Seniors from Hancock County, have helped to make our Center the most successful one in the State.

SOCIAL HOUR

The game session of our Social Hour will be packed with plenty of surprises! Seniors, we extend a personal invitation to each and everyone of you to participate in this monthly event being held at the Bay Center on Monday, Nov. 13 from 1:30 to 3:30 p.m.

If you have a friend or neighbor who is 60 years of age or over or one who is on the threshold bring them to the Center to sign up for our Recreational Programs.

There is never a charge for any of our Recreation Programs so help someone to enjoy the next event with you!

HERE & THERE

A big event will be taking place at our Center Friday November 17 from 9 to 2 p.m. - our Annual Open House and Bazaar.

An open invitation is extended to all residents (no age limit) of Hancock County to attend.

This is your opportunity to see what takes place at the Center.

Also, if any Senior has an heirloom or antique they would like to display, bring them on down to the Center. One stipulation - if you bring a personal item for display you must stay with your display for the entire time. Spread the

word to one and all about this event.

The RSVP Department will hold a white elephant sale on that date. They will also be serving a delicious dinner indigenous to these parts, Red Beans, Rice and Sausage.

The dinner will be served at noon, cost will be \$1.50 per person. So come on and bring a huge appetite for a dinner that will be yummy for your tummy.

WAVELAND

The Senior Citizens Club will hold its November meeting on Monday at 10 a.m. at the Waveland Civic Center.

This is the time of year when your attendance is requested.

Your club is only as good as your active participation. Election of Officers takes place at the December meeting.

FUNDING

The Bay St. Louis Center for Senior Citizens is funded by The State Department of Welfare, Hancock County Board of Supervisors, the Cities of Bay St. Louis, and Waveland and the United Fund.

ILLNESS

Two of our Seniors have been hospitalized at Hancock General Hospital. They are Pearl Mae Duhon and Louise Carver. We wish for you both a speedy recovery.

Glad to hear that Joe Leddy has been discharged from the Hospital and is recuperating nicely at home. Please, a cheerful card or note or a brief phone call will surely brighten the corner where they are and

will make your own corner glow for it.

BEREAVEMENT

Once again the golden cord that has held one of our beloved members between us and Heaven has been broken and we shall all miss this early tie we have had with Grace Clayburn.

Her presence will be missed by all who have come in contact with her. She was very active in our programs, and her other civic work. To her family members and close friends, we share your grief, but look up, for your Consoler is nigh.

PROFITS UP AGAIN

United Energy Resources, Inc. today reported that unaudited consolidated net income for the third quarter of 1978 was \$22.5 million, or \$1.90 per share, on revenues of \$525.1 million, as compared with net income of \$19.7 million, per \$1.67 per share, on revenues of \$479.5 million for the third quarter of 1977.

VOTE TWO BALLOTS - Residents of Kiln voted separate ballots in Tuesday's election. One ballot was for the school board improvement bond issue and the other for the general election. Mrs. Ronnie Bilbo, right, poll worker, checks to find the registration of Mrs. Wayne Ducomb, Sr. on the book. (Staff photo - Ellis Cuevas)

Clermont Handcrafters elect Dickson president

Mrs. Charles Dickson was elected president of the Clermont Handcrafters at the November 2 meeting held in the home of Mrs. Rose Ann Ross.

Others named to office were Mrs. Eunice Murray, re-elected vice-president; Mrs. Sydney Nigocia, secretary, and Mrs. J.C. Goodloe, re-elected treasurer.

Mrs. Murray, who conducted the business session in the absence of Mrs. A.M. Thomas, president, and the group welcomed Mrs. Julia Loup, new member.

Mrs. H.W. Duke, chairman, reported the Christmas party will be held at noon, December 7 at Wheel Inn Restaurant. Mrs. Murray appointed Mesdames Duke, Ross and Loup as a committee to purchase Christmas gifts for residents of the County Home.

Following the meeting the group held its annual social.

Pass Schools schedule Education Week events

Pass Christian High School will hold Open House during American Education Week, November 13-17.

Activities of the week begin with an open-air ceremony Monday at 8:30 a.m. in front of the main building. Principal A.J. Swanier will deliver the keynote address.

The highlight of the week will be an assembly Thursday, November 16, at 10 a.m. in the school auditorium.

Representatives from all facets of education will make brief comments on the theme "Education Can Turn Things Around."

Long Beach offers speech, music

The University of Southern Mississippi Gulf Coast Regional Campus at Long Beach is offering two courses Winter Term which may be of community interest to coast residents.

The courses, Speech and Hearing 492-692 and Music 365, will be offered on Wednesday and Thursday nights, respectively.

The Speech and Hearing course will deal with teaching hearing impaired students. It is a special problems course and will be taught by Sr. Delores Coleman.

The music course will afford

a better understanding and appreciation of serious music. The instructor for the course will be Ann Wright.

Persons interested in either of the two courses may register at any one of the three USM regional campuses.

Registration dates are USM-Keesler, 9 a.m. until 1 p.m. Nov. 15; USM-Jackson County, 4-7 p.m., Nov. 15; and USM-Long Beach, 1-7 p.m., Nov. 16. The last day of late registration is Wednesday, Nov. 22.

For additional information contact the registrar, USM-Long Beach at 864-6533.

Bay PAC members attend workshop

Bay St. Louis Title I Parent Advisory Council Supervisor Betty Ann Jones and PAC Members Judy Wrensted and Fay LaFontaine attended the State Parent Advisory Council Workshop November 2 in Laurel.

A film presentation of Title I and the state entitled "The Incredible Challenge" was shown at the state workshop. Topics discussed by small groups with the parents were PAC meetings, attendance, and involvement.

Sam Parker, supervisor of instructional services for the Satae Department of

Education, discussed "How Parents Can Help Their Children in School" and "The Future of Title I."

Federal funds are made available to local school districts through the State Department of Education under Title I of the Elementary and Secondary Act of 1965.

These funds are intended specially to meet the special educational needs of educationally deprived children.

Congress has extended Title I funds to October, 1983.

Child abuse studied at Homemakers meet

A leader training on "What We Can Do About Child Abuse" was conducted by Pam Baumgartner of the Hancock County Welfare Department prior to the Extension Homemakers Council meeting November 2 in extension auditorium.

During the business session conducted by Mrs. Tuleter Oliver, president, Mrs. Mary Beth Dickey, a member of the Pearls Extension Homemakers Club, was elected treasurer to replace Joe Petta who resigned. It was announced a workshop on holiday foods will be held November 14 in Coast Electric crew room.

The New Idea Extension Homemakers Club hosted the social hours.

The next meeting with installation of officers will be at noon Thursday, December 7, in extension auditorium. The group's annual Christmas salad luncheon will follow the meeting.

Mental Health offers weight control class

The Gulf Coast Mental Health Center is conducting classes entitled "Learning to Eat - Behavior Modification for Weight Control."

The first class began Tuesday and meets from 6 to 8 p.m. each week.

The first class of the second section begins tonight and will also meet from 6 to 8 p.m.

For further information, contact Ms. Kitty Callahan at the Gulf Coast Mental Health Center at 1-863-1132 (toll free).

Shoreline Park group seeks dredging aid

By RICH ADAMS

Residents of Shoreline Park went before the Hancock County Board of Supervisors Monday seeking assistance in dredging a stagnant ditch in front of their homes to allow use of the canal for boating.

Leo Cruthirds, spokesman for the group of 14 concerned Shoreline Park residents, said the original plans for the Shoreline Park development listed lots the homes are on as "waterfront lots."

"There is no circulation in the canal...it actually smells," Cruthirds told the supervisors.

The group asked Beat Five Supervisor James Travirca to either have the canal dredged or construct a bridge over the canal at Avenue B to allow water to circulate.

Culverts under Avenue B do not allow free flow between the portion of canal in question and the remainder of the waterway which runs along Hwy. 603 north of Avenue B.

Cruthirds said he talked to the attorney for Shoreline Park who said the canal bordering Cruthirds' waterfront property is no longer the responsibility of the Shoreline Park developers since Cruthirds did not buy his home from them.

"The water gets high, then goes out, and there is nothing but mud and dirty water in the canal," said Cruthirds.

Valley J. Duprey, another "waterfront" property owner, told the supervisors he "could walk across the canal" because the water was so shallow.

Duprey asked Travirca if the canal could be dredged by the supervisors, and Travirca said the Corps of Engineers would have to be contacted.

"Local people would have to put up the money for dredging...it is between the state and the Corps of Engineers to dredge the canal," said Travirca.

Board Attorney Walter Gex III said the board cannot legally do the dredging, that the state must do the work.

Duprey asked the supervisors to go to the canal in Shoreline Park and see the conditions.

Travirca said he will contact the National Guard in Bay St. Louis and ask if the Guard will run their amphibious troop carriers through the canal, with the idea that the propellers on the large vessels may serve to dredge out the canal to allow boating.

The board agreed to look at the property and investigate the prospect of using the National Guard amphibious troop carriers.

In other action, Hancock County School Superintendent Terry Randolph went before Board Monday to "answer some unanswered questions" about a proposed \$3.4 million school bond issue.

Randolph told the board that he has received a computer printout through Hancock Bank which showed an increase in ad valorem taxes of ten mills

for the first year if the bond issue is passed, decreasing to eight mills after the first year. He said the computer's estimate was "conservative."

"We are in less debt than any school district in the state," said Randolph.

"We asked the State Department of Education to come in and do a feasibility study on the school district. The State Department of Education endorses the bond issue, saying the most important need in Hancock County is a school south of I-10," Randolph continued.

"The first feasibility study team recommended consolidation of the school districts. This consolidation is a very long way away...state legislation would be necessary to consolidate the districts, and the State Legislature will not act on consolidation in the near future," he said.

"The feasibility team's alternate plan is to construct a new school south of I-10 to serve Pearllington, Clermont Harbor, Lakeshore, Bayou Phillips and Ansley," Randolph added.

Randolph said no student busing will be necessary from the north section of the county to the new school.

"We won't bus these students because the north section of the county is growing faster than the south. The new school will only house students in grades seven to twelve," Randolph explained.

"Hancock County is in the best financial shape in Mississippi...we can adequately support both schools with local funds," he said.

Randolph said Hancock County schools may lose accreditation if the new school is not built to make room for the growing number of students.

"We'll lose federal funds, state funds, and our cafeteria will probably have to cut out its free lunch program. We will lose our basketball and football teams, and our band will not be able to compete with other schools," Randolph told the supervisors.

"Our accreditation is almost on probation now. If we don't get the additional school, we won't be able to compete with other schools," he added.

"I am asking the supervisors to start talking the bond issue up. If we don't pass the issue now, we will have to pass it three years from now. It is now or later," he explained.

Also Monday the board passed a resolution to "declare" one day in November Hazel Chataem Day.

Hancock County Civil Defense Director Robert Boudin told the supervisors Ms. Chataem has assisted emergency services in Bay St. Louis over a period of years, and both Bay St. Louis Mayor Larry Bennett and Waveland Mayor John Longo Jr. had signed the proposed resolution.

The board passed the resolution and adjourned.

7th Victim...

Garriga was buried Monday in Fenton Sand Hill Cemetery following a funeral at St. Joseph's Catholic Church in Fenton.

Cox said as a result of the rash of accidents in the past few months, the highway patrol has increased enforcement of traffic laws on Hancock County's two-lane highways.

"Our guard couldn't be up any more than it was today," Cox said Tuesday.

"We work Hwy. 603 off and on each week, and don't give many tickets, but this morning we gave out 50 tickets on

CONTINUED FROM PAGE 1

Hwy. 603 during peak school and rush-hour traffic," Cox said.

Cox said he alone wrote 20 tickets for speeding Tuesday morning between 6 a.m. and noon on Highways 603, 43, and 53.

"We have received complaints in the Kiln about trucks speeding, but of all the tickets we issued today, only five went to trucks," Cox said.

"We aren't cutting anybody any slack. If a car is traveling over the speed limit, we are going to stop that driver," the Highway Patrolman added.

HOLY PERCH-A small owl flew into the Divine Word Missionaries St. Augustine's Seminary in Bay St. Louis and perched on top of the chapel crucifix. Rev. William Kelly said the owl apparently flew into the chapel through an open window. Rev. Kelly said the owl was not frightened but followed closely any movement on the altar. (Echo staff photo)

Bayou Cadet...

and environmental criteria," Blalock reiterated in his Oct. 27 letter to the Board.

"We remain open to consideration of any additional plans that may be suggested; however, in view of the length of study to date, the demanding workload of our other studies, and the lack of any better plan, I feel it appropriate to conclude this study," Blalock's letter continued.

"Accordingly, I would like to request the county's formal position with respect to the plan tentatively selected in our draft report," the letter continued.

The colonel said the requested formal decision by the Board on the matter "...will enable us to complete the study, either recommending the plan or recommending no further improvements in the area at this time."

A resolution was passed by the Port and Harbor Commission on November 2 requesting an extension of time to formulate a master plan on the anchorage basin.

In that resolution, the Commission lists problems encountered in formulating another plan, including difficulties finding an appropriate disposal site.

"It was indicated by Hancock County at a public meeting held in May of 1978 that certain financial problems would be encountered in providing disposal areas as recommended by the selected plan, and subsequent to the public meeting in May 1978, other alternative disposal sites have been investigated but have not been found environmentally acceptable or economically feasible, therefore creating formidable problems..." the Commission's resolution read.

"Hancock County is awaiting approval of application for Coastal Energy Impact Program grant for the express purpose of engaging Burke and Associates to accomplish a Master Plan to be known as Bayou Cadet Master Plan."

"Be it resolved, that in view of the aforementioned difficulties, that the district engineer, Mobile district, Corps of Engineers be requested to grant an extension of time, sufficient for Han-

CONTINUED FROM PAGE 1

cock County to ascertain certain facts, prior to an impending decision by the Corps of Engineers to complete the study," the resolution concluded.

Webre said he believes the Corps will grant the requested extension of time.

"I don't blame the Corps for wanting a response," Webre said.

"It is up to the county to live up to its assurances. If the county doesn't commit itself, the Corps might delay the project for a year, maybe two years," Webre continued.

"The spoils deposit site is the main problem. All previous sites in marshlands have been ruled out by ecologists. All signs point to future upland spoils sites," he explained.

"We have dealt in the past with landowners. Now prices are so exorbitant and out of reach the county doesn't want to encumber other future supervisors with the 50-year lease recommended by the Corps," Webre added.

Webre said a bond issue would be difficult to pass to fund the anchorage basin.

"The important bond right now is the Hancock County School bond issue. It is doubtful the public would commit general public funds for primarily a fisherman's project," Webre said.

"I am not entirely concerned with the present problems. I am looking in the future for a long-term project for commercial fishing, sport fishing, and off shore drilling. This will create jobs and bring in money," Webre added.

Webre said he is looking into ways to obtain federal funding for the project, and currently has an application to the Coastal Energy Impact Program for a grant.

"All the Corps does is come in and dredge a hole. It's up to the county to build the facility," Webre said.

"Burke and Associates cannot proceed with formation of a master plan until they receive funding. The county will not obligate any funds until our application for federal funds is approved," Webre explained.

"With other federal funds, I am hopeful that 80 to 90 percent of the cost of the project will be funded by federal funds," Webre added.

Eagles nip Tigers in 20-0 shutout

By RICH ADAMS
Bay High was shut out by the St. John Eagles 20-0 in a Saturday night game in Milner Stadium in Gulfport. The loss was the eighth in a row for the Tigers, who have one game remaining in the regular season.

Tiger head coach Billy Rhodes said an open date a week ago "hurt the team more than it helped."

"A lay off like that can hurt or help a team...I feel the open date hurt us," Rhodes said. "We didn't execute well...we just didn't play good football. What it all comes down to is we weren't ready," coach Rhodes said.

The game was the final contest for St. John, who finished the season with a 2-9 Pascagoula River Conference record.

The Eagles scored their first touchdown with 2:17 remaining in the first period when halfback Raymond Parker carried the ball in from the three.

The score was set up after the Eagles had recovered a Bay High fumble on the 20 yard line.

Dean Stringer kicked the conversion to make the score 7-0.

Eagle end John Rester recovered another loose ball deep in Tiger territory in the

second stanza, and with 4:15 remaining in the half, quarterback Karl Funk hit Mark Villarreal from nine yards out for a score.

Stringer's kick was good, and the Eagles led 14-0 at the half.

Kevin Grey scored for St. John in the third quarter after the Eagles had moved the ball from mid-field to cap the St. John victory.

St. John had 281 yards total offense compared to the Tiger's 41.

"We were ready to play," said Mike Gavin, St. John head coach.

"We had 12 seniors out there and they wanted to go out on a good note," he continued.

"We were pleased with the effort of our kids all year...they never quit," Gavin added.

The Tigers meet St. Martin Friday at Tiger stadium for Bay High's final game of the year.

"St. Martin has a fine football team. They were the 'dark horse' of the season," said Tiger coach Rhodes.

"They have a lot of good speed and good size. They are going to look to get after us, but we hope we can get out there and get after them," he added.

The Tigers play at 7:30 p.m. at Tiger stadium.

EVADING A TACKLE—St. Stanislaus Rock Juan Betanzos, No. 27, turns on the speed to race by pursuing East Central Hornet Randy Goldman, No. 22. The Rocks beat the Hornets in Friday night action, 28-8. (Photo Special to the Sea Coast Echo)

Rocks fight for second spot Friday

By ELLIS CUEVAS
The St. Stanislaus Rock-A-Chaws tied with Pass Christian and Vancleave in the second spot of the Pascagoula River Conference and will be out to knock Vancleave out of the tie Friday night in Rock-A-Chaw stadium.

The Rocks, under the direction of head coach Bill Poole, are 6-3 for the season and will be seeking victory number seven at the hands of Vancleave. The Rocks finished the 1977 season with a record of 4-5-1.

Coach Poole in preparing for the game said Monday, "Vancleave came on real good this year, they are one of the quicker teams in the conference. They are real sound. They won't overpower you but will go around you with their pro-type of offense."

Coach Poole still had high

praise for Scott Senner's performance last Friday against East Central. Senner gained 106 yards in only 13 carries plus threw a touchdown pass.

Keith Favre, out with a broken collar bone received in practice a week ago will not see action.

Danny Handshoe, injured the same day in practice as Favre and Glenn Logan with hurt backs are doubtful for the Vancleave match, according to coach Poole.

Coach Poole said he was hoping to get the fine offensive line play this week he received last week, saying, "Our offensive line played their best game of the season, really blew out the Hornets making our running game successful last week."

Kick-off is scheduled at 7:30 p.m. in Rock-A-Chaw stadium for the Rocks' final game of the season.

Net season opens Saturday at PRC

Basketball is on the upswing at Pearl River Junior Wildcats are sporting a new coach this season and a schedule that includes teams from Texas, Alabama and Florida.

Billy Holmes, former assistant at McNeese State University in Louisiana and head coach here at PRC in 1973 and 74, has his young and aggressive basketball Wildcats primed and ready for the upcoming season.

Holmes revised the current Wildcat schedule this past summer to include games against Panola Junior College from Carthage, Texas, and a tournament in Pensacola, Fla.

This Saturday afternoon the PRC basketballers will see how tough they are when they entertain Panola in a 2 p.m. game in the Pearl River Coliseum.

"I'm trying to add a little spice to our schedule," Holmes said, "I want to bring a little flavor to our basketball program." Stiff competition is probably what the new PRC head coach is bringing into the confines of the local coliseum.

Panola, a school with an enrollment of about 2500, plays extra fine basketball and competed against some of the better junior college basketball teams in the nation. In fact, last season the Carthage team had big wins over some nationally ranked teams.

"Inexperienced and young," is the way Holmes described his Wildcats this season. But quickness, speed, and a lot of determination, mixed with the fact that no less than 10 individuals can start, gives the feeling that the basketball Wildcats this season may be very competitive.

"I doubt if I will ever start the same five people," Holmes said, "in fact I'll probably use the platoon system." Offensively this year the Cats will be a run and gun type unit with pressure defense tactics.

Holmes said he expected to win some ballgames this year, "but I'm not going to say how many." According to the new coach a lot depends on how well his team executes and learns the new system he is putting in.

"I want us to do what we do well," Holmes said, "and if we do that, then we'll win." In two scrimmage games during pre-season the Wildcats defeated Jones 86-81 and lost to William Carey's varsity 115-105.

Mississippi Junior College action begins Tuesday night against East Mississippi at Scooba. The first home game is Thursday, Nov. 16 against Meridian.

December 15 and 16 the Wildcats will play in the Pensacola Classic in Pensacola, Fla.

HANCOCK BANK IS PLEASED TO ANNOUNCE THE WORKING CASH ACCOUNT.

It let's your working cash work harder for you.

Introducing the Working Cash Account. It combines a checking and a savings (either Silver or regular) account to let your excess cash earn interest until the instant you need it.

Here's how it works:

When the balance of your Working Cash checking account falls below the \$300 minimum, we'll automatically transfer money (in \$100 increments) from your companion savings account into your checking account to bring the balance back up to the \$300 minimum.

The transfer is totally automatic. You simply sign up once at any Hancock Bank office. You won't ever need to make a phone call or a special trip to the bank.

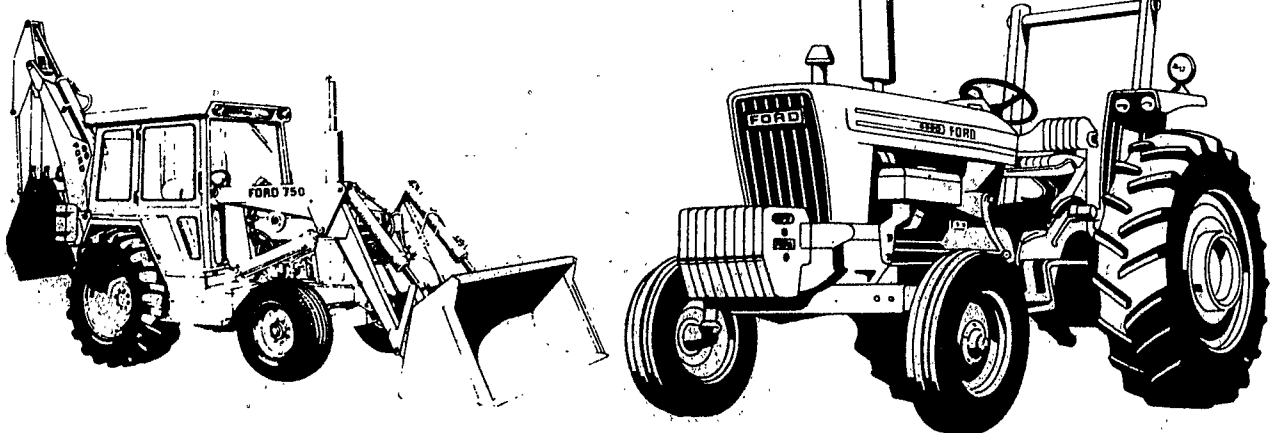

A fee of \$1.25 will be charged for each transfer. So get your working cash to start working harder for you today.

Open a Working Cash Account at Hancock Bank.

Ducks Unlimited forms Hancock County chapter

A local chapter of an international waterfowl conservation group is being formed in Bay St. Louis under the direction of Walter Gex III.

Ducks Unlimited, a non-profit organization of over 250,000 members, is dedicated to the conservation of waterfowl as a natural resource.

Funds raised in the United States, Canada, and Mexico through tax-deductible contributions, are utilized to construct and improve waterfowl nesting habitat in Canada, where nearly four out of every five ducks and geese are hatched, according to Billy Joe Cross, regional director for Ducks Unlimited.

Cross said attention is also focused on the important wintering areas of Mexico. "Hundreds of species of wildlife call Ducks Unlimited projects 'home,' including deer, fox, moose, beaver, and whooping cranes," said Cross. "Our government does not spend tax dollars outside the United States for wildlife management projects. Thus,

Ducks Unlimited is a prime vehicle through which private contributions can be sent where they'll count by improving vital wetland areas on North America," Cross continued.

"Nearly 80 cents of every dollar donated goes directly to project construction," he added.

Since conception of Ducks Unlimited in 1937, Ducks Unlimited has spent over \$56 million and has stabilized almost 2.6 million acres of valuable habitat, Cross said.

"The organization buys no land. Rather, Ducks Unlimited receives free leases and easements from governments, landowners, industries and municipalities," Cross explained.

A great amount of the organization's effort has been in the duck-rich prairie provinces of Alberta, Saskatchewan, and Manitoba, as well as Quebec, the Maritime Provinces and British Columbia, said the regional director.

According to Cross,

Mississippi conservationists contributed \$300,000 to Ducks Unlimited last year.

He feels the formation of a local Hancock County chapter of the organization is expected to make a significant increase in last year's figures.

All sportsmen-conservationists interested in joining or learning more about Ducks Unlimited are asked to phone Walter Gex III at 467-6515.

Ole Miss basketball opens Nov. 14

With the season opener less than two weeks away, the University of Mississippi basketball squad continues to sharpen its skills under the watchful eyes of head coach Bob Weltlich.

"I think the novelty of starting fall practice has worn off, therefore, our practice sessions were a bit sluggish early last week," Weltlich commented. "But I think we're back on schedule now and the players have been

HNC hosts Pass Christian in end-of-season game

By RICH ADAMS
The Hancock North Central Hawks host the Pass Christian Pirates in a game which promises to be "hard hitting and exciting," according to both Hawk head coach Irvin Favre and Pass' skipper Bob Lumpkin.

Both the Hawks and Pirates are coming into Friday's battle with winning records, and both have just won tough encounters with rival squads. "We hope to win this game, and we've been working towards that goal," said coach Favre.

"Pass is a tough team, but we're tough too. This will be a match between two good football teams, and we'll have to put in a real good effort to

win Friday," Favre continued.

"We've been having problems with our defense, and this is a question whether our defense can rise to the occasion against the Pass Christian offense and win," he added.

"I would imagine this will be a tough, hard knocking game," Favre said.

Pirate coach Bob Lumpkin agreed the game would be physical.

"There's bound to be a lot of hard hitting," he said.

"HNC has a tremendous offense. We'll have to play our best game of the season to win this one," he continued.

"We haven't beaten the Hawks in two years, and we'd

love to win this one. If we play to our greatest potential, we can win," Lumpkin added.

The Pirates routed the Long Beach Bearcats in a game last week, winning 19-6.

Coach Lumpkin said there were no major injuries in that game, and his team was in the "best physical health."

The Hawks won a cliff-hanger against the Poplarville Hornets, winning 28-26 on a field goal in the final minute of the game.

Both coaches expect a sellout crowd, as always, at the great spectator conflict Friday.

Gametime at Hancock North Central is 7:30 p.m.

THROWN FOR A LOSS-East Central's Brad Collins, No. 25, is thrown for a loss in Friday's game against St. Stanislaus. Running in to assist in the tackle is Mike Scardino, No. 69. The Rocks defeated the Hornets in the contest, 28-8. (Photo Special to the Sea Coast Echo)

PRC Lady Wildcats optimistic

Pearl River College's Lady Wildcats are facing a rebuilding year but optimism is running high for the Fred Roane coached team.

"The Lady Cats have shown a lot of determination and improvement since the beginning practice," Roane said, "but they still have a long way to go."

In the two-pre-season scrimmages, the Lady Wildcats have made too many turnovers to suit the head coach. "We can't beat ourselves," Roane said.

Opening game for the She Cats is Tuesday night against East Mississippi at Scooba. Thursday night the PRC team will be at home against Meridian. The girls game begins at 6:30 with the boys immediately following.

Walk a little plainer, Daddy

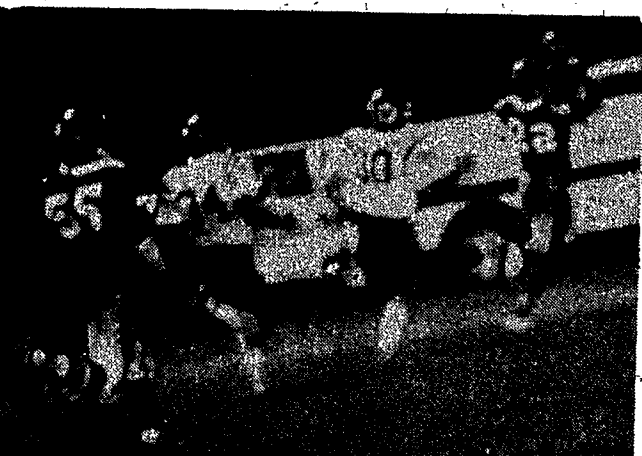

Richard (Butch) Patterson, left, and Richard (Pat) Patterson

Walk a little plainer, daddy,
Said a little boy so frail,
I'm following your footsteps,
And I don't want to fail.
Sometimes your steps are very plain,
Sometimes they are hard to see.
So walk a little plainer, daddy,
For you are leading me.

I know that once you walked this way,
Many years ago.
And what you did along the way,
I'd really like to know.
For sometimes when I am tempted,
I don't know what to do.
So walk a little plainer, daddy,
For I must follow you.

Someday when I'm grown up,
You are like I want to be.
Then I will have a little boy,
Who will want to follow me.
And I would want to lead him right,
And help him to be true.
So walk a little plainer, daddy,
For we must follow you.

PIRATE SCORE-Mackie Dedaux, No. 22, holds the ball aloft as he scores on a 52 yard run. The Pirate's Arnold Dedaux, No. 55, watches as Jack Carter, No. 30, and Donald Dollar, No. 35 for the Bearcats pursue Mackie Dedaux. (Staff photo-Rich Adams)

\$2,002 WINNER—Andrew Thompson, right, of Bay St. Louis accepts check from Jerrel Smith, manager of Jitney Jungle in Bay St. Louis. Thompson was a big winner in Jitney Jungle's double bingo contest. Thompson said the money comes at a very good time as he and his wife are remodeling their home at 208 Sycamore St. The prize money will go toward the purchase of building materials. (Staff photo-Ellis Cuevas)

Deer Island discourse slated by Historians

By JOE PILET

Of special interest to genealogists in Hancock County are the names of persons who purchased items auctioned after the death of Jesse Coward, father of Mrs. Aken.

Descendants of Jesse Coward live in Bay St. Louis and include Mrs. Helene Price of Highland Drive and Malcolm Coward of Barcelona Court.

Editor Smith says his book will carry in chronological order major events along the coast with pictures of early periods in Biloxi and information on the Methodist Sea Shore Camp Ground which "attracted more people to the coast than any other event prior to the building of the Coliseum".

Smith said: "These documents survived all of the hurricanes that struck Deer Island since 1850 and are now in the possession of Warren Andrews of Ocean Springs."

Andrews is a great-grandson of the late A.K. Aken.

Guest speaker will be O.M. Smith Jr. will discuss "The Early Settlement and Development of Deer Island." Smith's research on Deer Island will be published in a forthcoming book and traces activities of Albertus King Aken and his wife, Jane Coward Aken.

Aken's rights to his Patent Warrent for land on Deer Island began in March of 1853 and continued into the latter part of the 19th Century.

Letters and documents beginning in 1840 have been preserved, according to Smith, and they show the beginning of the turpentine industry on the island, early riparian rights to "plant oysters north of the island and include the names of sloops, schooners, captains of sailing crafts, weather reports, etc.

Brownbuilder Winifred Batts is working for you in Mississippi

Winifred Batts, from Pascagoula, is a Mississippi Brownbuilder—one of the men and women of Brown & Root, Inc.—working for you in Mississippi.

Winifred signed on with Brown & Root in 1977 as a Laborer and is now an Electrician. He and his wife, Rita, have a son and three daughters and attend the Pentecostal Church in Philadelphia. Winifred enjoys softball, tennis and basketball.

Mississippi Brownbuilders like Winifred are working for you and thousands of your neighbors. He's helping to build the hardware, such as oil fields and power plants, which will help insure Mississippi's future growth and prosperity.

Because of Brown & Root's policy of hiring locally first, most of our Brownbuilders here are Mississippi natives or longtime residents. Many of them first joined Brown & Root at project personnel offices near their homes. And, Brown & Root hires and promotes solely on the basis of individual ability and merit. Anyone willing and qualified is eligible to work. That way, local communities, counties and the state get maximum benefit from projects on which we work—hundreds of thousands of dollars in payrolls, purchases.

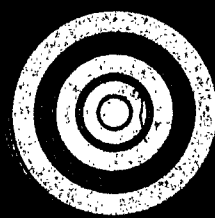

Mississippi Brownbuilders and Brown & Root—working for you in Mississippi.

NORDA

names

honorees

The Naval Ocean Research and Development Activity at National Space Technologic Laboratories in Hancock County has selected its 'Man and Woman of the Year.'

The selection of Carl W. Mueller and Christina Moelling as NORDA's Man and Woman of the Year was announced at a special NORDA award ceremony recently.

The election by popular vote of a NORDA Man and Woman of the Year, which was sponsored by NORDA's Federal Women's Program Committee, is the first of its kind.

Criteria for the award were individuals who display a consistently positive attitude toward their job and cooperative relationships with other employees.

The winners received plaques in recognition of their selection.

Approximately 100 NORDA employees received length-of-service pins and individual achievement awards presented by Capt. Charles G. Darrell, NORDA commanding officer.

During the ceremony 22 NORDA employees received special achievement awards. Chester Wilcox received the Superior Civilian Service Award, the second highest civilian award in the Navy. Immediately following the ceremony NORDA employees enjoyed a picnic in the NSTL Recreation Area in observation of the Navy's birthday.

The celebration of the official Navy birthday in October is based on the action of the Continental Congress on Oct. 18, 1775, when it authorized the fitting out of ships for the Continental Navy.

This constituted the first naval legislation and became the genesis of the U.S. Navy.

BAY CATHOLIC HOMECOMING COURT—The Bay Catholic Homecoming Court for 1978 included, from left, Roxanne Necaise and her father, Mr. Necaise; Penny Boudin and her father, Mr. Robert Boudin; Patricia Starita and her father, Mr. Starita; Homecoming Queen Tonya Maggio and her

father, Mr. Bill Maggio; Susan Christiansen and her father, John Christiansen; Lealie Hawk and her stepfather, Kenneth Zabelski; and twin sister Lisa Hawk, escorted by assistant coach Bill Hoffman. (Photo courtesy of Ed Fayard)

News from the Church of St. Ann

A thought for the day from the Library of Father Canisius Hayes, pastor St. Ann's Parish

There is no better exercise for strengthening the heart than reaching down and lifting people up.

Choir practice, according to Father Hayes, will continue as usual every Tuesday evening at 7 o'clock in St. Ann's Church.

Results of the practice already being felt in the Sunday Liturgy, Father added.

Confirmation class will be held Sunday, November 12, in parish hall after 9:15 a.m. Mass.

St. Ann's Altar Society Communion Mass will be at 5 p.m. Saturday, November 11.

An important Altar Society meeting will be held Tuesday, November 14, prior to choir practice.

All members are asked to attend as election of officers for the coming year will be held.

Because of Thanksgiving holidays the Altar Society will not hold its monthly luncheon scheduled for November 22.

Michael Anthony Shubert, a member of the Confirmation class, gave the scripture readings during 9:15 a.m. Mass Sunday.

Echo

Weekend guests of Mrs. Lenoie Monti and Miss Rosemary Blaize were Misses Joy Monti and Anna Margaret Boudreaux and Mrs. Marguerite Boudreaux of Metairie, La. While here they celebrated Miss Blaize's birthday.

New editor named on NSTL paper

The National Space Technology Laboratories' monthly newspaper 'Lagniappe' has a new editor, Elva Smith, formerly of Long Beach.

She has been closely connected with the NSTL newspaper since it was in the early planning stages and has been a major contributor to every issue published.

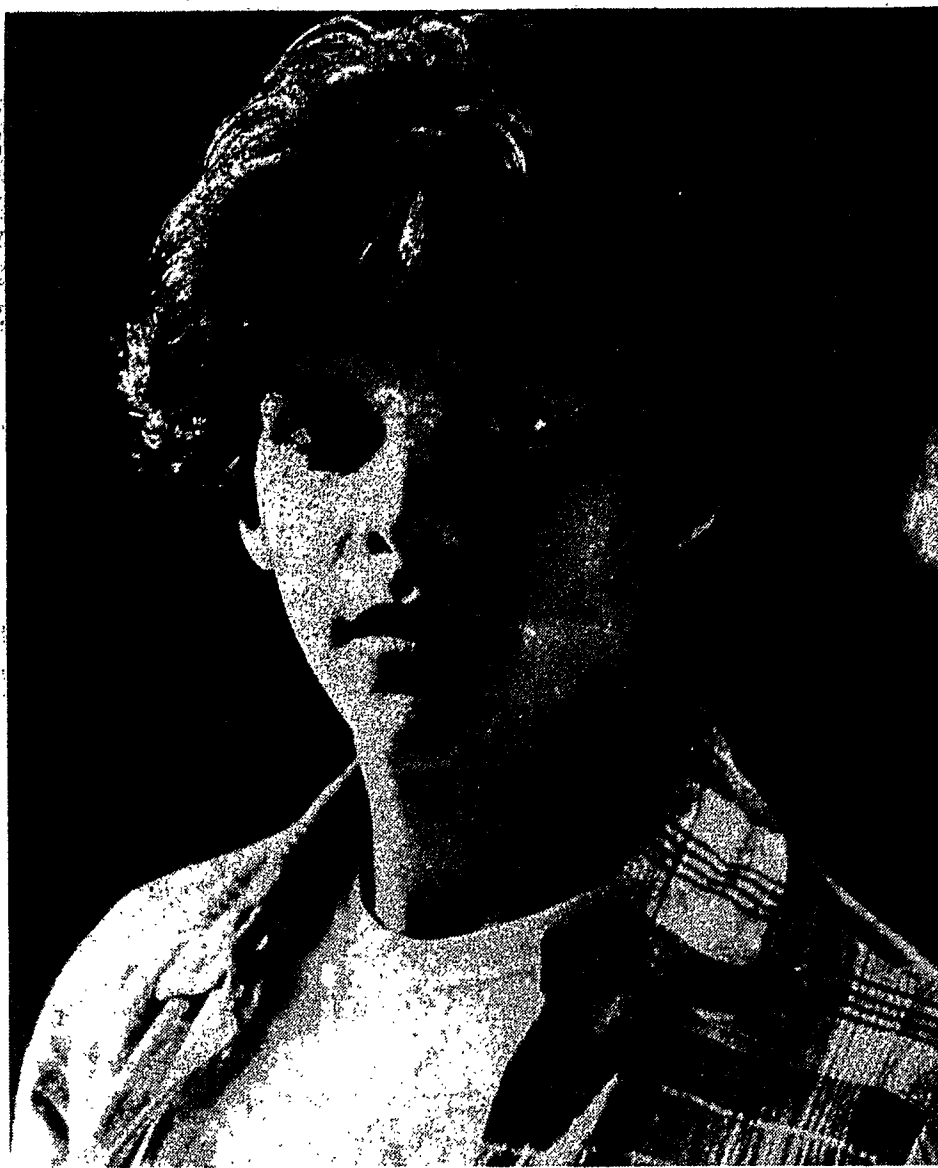

She served as editor of the September issue of Lagniappe, which featured a special edition on NASA's 20th anniversary and has also had feature and news articles published in numerous magazines and newspapers.

She came to NSTL in September 1977 from Coast Federal Savings and Loan Association, where she served as assistant branch manager at the Long Beach office.

Her former newspaper experience was with the Madison County Herald, a weekly publication in Canton, Miss., under the direction of Curtis Mullins, editor, and Phil Mullins, publisher.

Mrs. Smith and her husband, Melvin, make their home in Long Beach.

They have two sons, Mel, of Baton Rouge, La., and Mark, a student at Mississippi Gulf Coast Junior College, Perkinston Campus.

DINKY HOCKER, an ABC-TV afterschool special, will feature Russell (Rusty) Elliot of Bay St. Louis. Elliot, who also is involved in the production of 'The Jeffersons' on the CBS-TV Network, is son of Mrs. Thelma Graham Cowling and brother of Mary May, both of Shoreline Park. 'Dinky Hocker' is based on the M. E. Kerr novel 'Dinky Hocker Shoots Smack,' and stars Wendie Joe Sperber and June Lockhart. The show will be carried on WLOX-TV, Channel 13, Biloxi, from 3:30 to 4:30 p.m. Wednesday.

Buccaneer Crew Notes Sherry Price

Thirty-one members of the Holiday Ramblers, Gulf South Ramblers Chapter 144 spent the weekend of November 3-5 at the Park, camping in the Jean LaFitte loop. The club entertained themselves with a covered dish dinner on Saturday night, followed by a games session in the Park Recreation Hall.

The Gulf South Ramblers showed their true camping spirit when the power failed by continuing with the aid of their trusty Coleman Lanterns.

Those attending their November meeting at Buccaneer State Park included Charles and Ramona Alfortish, Metairie, La., and their son and daughter-in-law Elizabeth Alfortish; Barrie and Ethyl Cedotal, Petal, Miss., and their son Robert; Boots and Sissy Wierengo, Mandeville, La.; Ira and Margaret Hammack, Petal; Sherwood and Maggie Beckham, Pascagoula; Alice and Y. C. Clay, Pascagoula; Melvin and Flora Hodges, Gulfport; Art and Bea Higgins, Belle Chasse, La.; Doug and Glenn Berlin, Bogaloussa, La.; Earl and Gladys Rayburn, Foxworth, Miss.; Clyde and Nicey Roberts, Biloxi; Harry and Rachel Gautier, Biloxi; Ralph and Marlene Jones, Long Beach; and Paul and Marry Dorris, Long Beach.

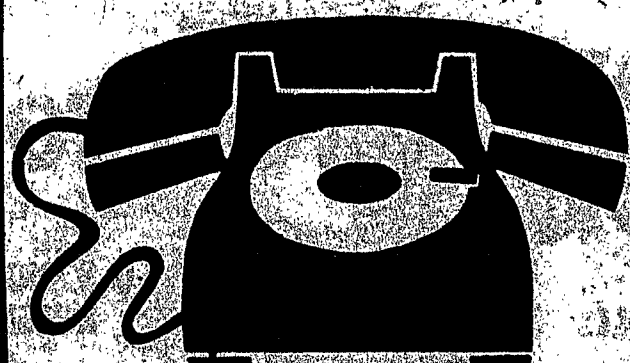

Spending her leisure time at Buccaneer State Park November 2-6 was Mrs. Larry Cutler, Pittsburg, Kansas. Mrs. Cutler camped in the Pirates Cove loop.

A power failure at the Park Saturday night caused slight problems among those camping at Buccaneer. Many continued their activities with the aid of lanterns and flashlights. Primitive campers were able to carry on with their activities during the two hour blackout, while those camped in recreation vehicles needing power made slight adjustments.

The Teen Ping Pong Tournament was into the final round when the power failure occurred. After power had been restored the final results were announced. First, John Bormann, 15, Gulfport, son of Mr. and Mrs. John Bormann. Second, Robert Cedotal, Petal, son of Mr. and Mrs. B.

Dog breeding scheme halted

Attorney General A.F. Summer has filed a suit against Associated Producers, Inc., Ltd., Glen Rushing, C.L. Rushing, Billy Ray Graham, and Robert Ken Pinland charging violations of the Mississippi Consumer Protection Law in selling dog breeding contracts.

Summer's Consumer Protection Division in preparing the suit, found that over 200 Mississippians over the state paid \$600 to join the dog breeders association and \$350 per dog to breed and raise puppies which the Associated Producers promised to buy at \$125 apiece but later failed to do.

Misrepresentations which the Attorney General alleged were made by the Defendants include:

- (1) That the Association had contracts and a ready market for the puppies to sell to pet shops, security agencies and military institutions;
- (2) That participants would earn up to \$20,000 per year when in truth no such breeders earned that amount;
- (3) That there was an established market for all the dogs produced, when in truth

the only market was to sell dogs to other breeders to grow for other breeders.

Headquarters for Associated Producers Inc., Ltd. is located in Sumrall and the Chancery Court of Lamar County was asked to issue an order to stop the further sale of breeder stock, to stop any further transfer of assets and to refund the money to participants who had relied on the misrepresentations.

Chancellor Howard L. Patterson signed an order setting a hearing for Nov. 9 in Purvis.

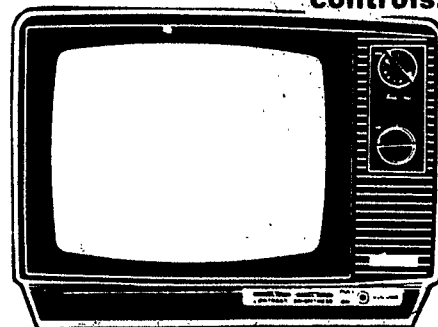

PECAN TREE CARE

Collecting and burning debris after pecan harvest will provide some control of disease and insect pests that attack pecan trees in the spring. Giving pecan trees care now may improve next year's crop, say Extension horticulturists.

An uncovered lemon peel will absorb refrigerator odors and add its own fresh smell.

The Ole Pastor Says

PULPIT POINTS
By DR. L.S. WALKER, D.D.
"BUT WHILE MEN SLEPT, his enemy came and sowed tares among the wheat, and went his way" (Matt. 13:25).

When will we wake up? How long must our society disintegrate...our morals erode...our precious children become drug addicts, alcoholics, victims of venereal disease and demon culture...our cities crumble into terror-filled ruins, before we come to our senses? How long will our churches abandon their sacred ministry of preaching and teaching regeneration and, reconciliation for "another gospel" which vainly seeks to change man by reformation, and by improving his environment? How long will we continue spending billions to halt pollution of our physical world, while public officials, modern ministers and educators refuse to cry out against the moral stench of today's "literature," its nauseating screen, TV and stage shows with uncensored nudity, non-marital sex and Biblically-forbidden perversion of sex, and its uninhibited mass fornication and adultery in an open and head-long return to animalism of so-called "rock" festivals and the like?

The battle for the minds and affections of our children has long been engaged. It is not difficult to see who is winning many of them!

How long will those who have professed Christ as Saviour and Lord neglect the only weapon and power which can combat the tide of today's evil? How long shall we who are called by His name refuse to humble ourselves, and

pray, and seek His face, and turn from our wicked ways, that He may hear from heaven, and forgive our iniquity, and heal our land (II Chron. 7:14)?

What will our answer be as we stand before the judgment seat of Christ (II Cor. 5:10; Rom. 14:10-12), when our Lord may well ask us, as He did His sleeping disciples in Gethsemane: "What, could ye not watch with me one hour?"

"Watch ye therefore, and pray always, that ye be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man" (Luke 21:36), said the Master.

"And that, knowing the time, that now it is high time to awake out of sleep; for now is our salvation nearer than when we believed."

"The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light."

"Let us walk honestly, as in the day; not in rioting and drunkenness,

To Elbert J. Havard, Jr. and wife, Sybil H. Havard, whose post office and street address are unknown after diligent search and inquiry and who are believed to be non-residents of the State of Mississippi, and if they be dead, their unknown heirs or devisees;

Any or all persons having any right, title or interest in the hereinafter described property: Commencing at a point which is 3,563 ft. south of and 1,400 ft. west of the corner of Sections 23, 24, 25, and 26, Township 8 South, Range 14 West, Section 28 degrees 0' west 536.7 feet to an iron stake, which is the northwest corner of the property of Mr. and Mrs. Joe V. Periclaro, Jr.; thence north 88 degrees west 200.9 feet to an iron stake which is the northeast corner of the property owned by Mr. Robert Coleman; thence South 28 degrees 50' west 219.7 feet to an iron stake which is the northwest corner of the property of Mr. and Mrs. Robt. Weeks; thence south 56 degrees east 140 feet to an iron stake which is Mr. and Mrs. Robt. Weeks' northeast corner, as a place of beginning; thence south 28 degrees 50' west 200 ft. to a point; thence south 28 degrees 50' west 150 ft. to an iron stake which is the southeast corner of the property of Mr. and Mrs. Robt. Weeks; thence south 56 degrees 0' east 42 ft. to an iron stake; thence north 28 degrees 50' east 150 ft. to a point; thence north 56 degrees west 42' to the place of beginning, and being part of the J. Bouquie Claim, Township 8 South, Range 14 West, Hancock County, Mississippi.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on or before the Seventh day of December, A.D., 1978, to defend the suit No. 14,133 in said Court of Winsel Russell Loyd, Jr.

This cause is set for hearing on the 8th day of December 1978 at 10:00 o'clock a.m. to be held in Hancock County Courthouse, Bay St. Louis, MS.

The same being a suit to place heirs in possession of said land above described wherein you are a defendant.

This 7th day of November, A.D., 1978.
(SEAL) JOHN D. RUTHERFORD, JR.
Chancery Clerk
By Pamela Metzler, D.C.

PUBLIC NOTICE

A public meeting will be conducted by the City of Bay St. Louis Board of Adjustment 7:00 a.m., Friday, November 24, 1978 in the City Hall to consider a variance in the City Zoning Ordinance relative to Lot 379, First Ward, City of Bay St. Louis, Hancock County, Mississippi, said lot being on St. George St. between Touline St. and Police Ave., said variance concerning a reduction in front and side yard requirements to build a three (3) family dwelling and have it conform with existing buildings in the area.

All interested agencies and citizens are invited to attend said meeting.

Given under my hand and seal of the City of Bay St. Louis, Mississippi, this November 7, 1978.

STATE OF MISSISSIPPI OFFICE OF THE SECRETARY OF STATE JACKSON

**CERTIFICATE
OF INCORPORATION**

HALE HOMES, INC.

The undersigned, as Secretary of State of the State of Mississippi, certifies that duplicate originals of Articles of Incorporation for the above named Corporation duly signed and verified pursuant to the provisions of the Mississippi Business Corporation Act, have been received in this office and are found to conform to law.

ACCORDINGLY, the undersigned, as such Secretary of State, and by virtue of the authority vested in him by law, hereby issues this CERTIFICATE OF INCORPORATION, and attaches hereto a duplicate original of the Articles of Incorporation.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this 1st day of November, A.D., 1978.

HEBER LADNER
Secretary of State

The Corporate title of the corporation is Hale Homes, Inc., whose incorporators are: James J. Hourin and Patricia C. Hourin, and the purpose for which the corporation is organized and to conduct its business is to build, sell, lease and trade in real estate and homes.

Said corporation shall have the powers set forth in Section 4 of the Mississippi Business Corporation Act of 1960.

The aggregate number of shares which the corporation shall have authority to issue is one thousand (1,000) shares of the par value of \$1.00 per share and said shares shall not be divided into any classes.

The corporation will not commence business until consideration of the value of at least \$10,000.00 has been received for the issuance of shares.

IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF MISSISSIPPI SOUTHERN DIVISION UNITED STATES OF AMERICA VS. PLANTIFF CIVIL ACTION NO. 87-4770(N)

LESTER NEWKIRK,
ROBERTA S. NEWKIRK, AND
ROBERT W. SMITH DEFENDANTS

**ORDER FOR SERVICE
AND PUBLICATION
PURSUANT TO
28 U.S.C. 1455**

On consideration of the complaint filed in this action to enforce and foreclose a deed of trust covering certain real property located in Hancock County, Mississippi, within this district;

IT IS ORDERED that the following named defendant, whose last known address is shown below, appear and plead in this action not later than November 22, 1978:

Robert S. Newkirk
Post Office Box 186
Kilm, Mississippi 38556
Said party is notified that she is a defendant in the above styled and numbered civil action brought by the United States to foreclose a deed of trust executed by Lester Newkirk and Roberta S. Newkirk to John W. Sones, Jr., trustee, and the United States of America, acting through the Farmers Home Administration, dated July 12, 1973, recorded in Book 171, pages 392-395, of the records in the office of the Chancery Clerk of Hancock County, Mississippi. Robert W. Smith being substituted as trustee under said deed of trust by instrument dated June 14, 1978, recorded in Book 210, page 34, of said records, which deed of trust covers the following real property situated in Hancock County, Mississippi, to-wit:

Beginning 11.09 chains West and 3.17 chains North of the Southeast corner of the NW 1/4 of SW 1/4 of Section 24, Township 6 South, Range 15 West, Hancock County, Mississippi; thence North 1.58 chains; thence South 1.58 chains; thence East 3.17 chains to the place of beginning, containing 1/2 acre, more or less, and being a part of the NW 1/4 of Section 34, Township 6 South, Range 15 West, Hancock County, Mississippi.

IT IS FURTHER ORDERED that this order be published in the SEA COAST ECHO, a newspaper of general circulation published in Hancock County, Mississippi, for six consecutive weeks commencing October 5, 1978, and that proof of publication be filed herein.

IT IS FURTHER ORDERED that a copy of this order be served on said defendant whose street address is shown above if she can be found.

ORDERED this 28th day of September, 1978.

INTENT TO ISSUE BONDS - \$100,000 FAIRGROUNDS AND REFUNDING BONDS

The Board of Supervisors of Hancock County, Mississippi, took up for consideration the matter of constructing and equipping facilities for livestock and horse shows, fairgrounds, display and exhibition buildings, and for related facilities and activities within the provisions of Senate Bill No. 2562 of the regular 1974 Session of the Mississippi Legislature, as amended by House Bill No. 725 (Chapter 890), Laws of Mississippi of 1978; and the matter of issuing Hancock County Fairgrounds Refunding Bonds for the purpose of redeeming or exchanging therefor, bonds of this issue for outstanding Hancock County Fairgrounds Bonds dated October 1, 1974, and after a discussion of the subject by the Board of Supervisors, Supervisor Pernicaro moved the adoption of the following Resolution:

A RESOLUTION OF THE HANCOCK COUNTY BOARD OF SUPERVISORS DECLARING THE INTENTION OF HANCOCK COUNTY, MISSISSIPPI, TO ISSUE BONDS OF SAID COUNTY IN AN AMOUNT NOT EXCEEDING \$100,000 UNDER THE PROVISIONS OF SENATE BILL NO. 2562 OF THE REGULAR 1974 SESSION OF THE MISSISSIPPI LEGISLATURE AS AMENDED BY HOUSE BILL NO. 725 (CHAPTER 890), LAWS OF 1978; WHEREAS, acting under and pursuant to the provisions of Senate Bill No. 2562, as adopted at the Regular 1974 Session of the Mississippi Legislature, and as amended by House Bill No. 725 (Chapter 890), Laws of 1978, the Board of Supervisors and Hancock County, Mississippi, are authorized and empowered, in its discretion, to issue bonds, notes, or certificates of indebtedness in an amount not to exceed \$100,000, with the principal and interest of said obligation to be payable over a period not exceeding twenty (20) years for the purpose of constructing and equipping facilities for livestock and horse shows, fairgrounds, display and exhibition buildings and for related facilities and activities; and

WHEREAS, the Board of Supervisors of Hancock County, pursuant to Senate Bill No. 2562, as adopted at the Regular 1974 Session of the Mississippi Legislature, did issue its bonds in the amount of \$75,000 by Resolution and Order of such Board, dated October 7, 1974, and did sell and deliver such bonds to Hancock Bank; and

WHEREAS, this Board of Supervisors has now found and determined that it is in the public interest to provide additional funds for constructing and equipping of facilities in Hancock County for such purposes; and

WHEREAS, the Board of Supervisors of Hancock County finds that the principal amount of bonds now outstanding is \$62,000; and

WHEREAS, the Board of Supervisors finds that the avails of the special 1/4 of 1 mill levy upon all the taxable property of the County authorized by Senate Bill No. 2562, Laws of 1974, as amended by House Bill No. 725 (Chapter 890), Laws of 1978, would be insufficient to pay the principal and interest upon bonds heretofore issued, together with bonds proposed to be issued by this Resolution; and

WHEREAS, the Board of Supervisors is authorized by Section 31-15-1, "General Refunding Laws of 1934," Mississippi Code of 1972, Annotated, to refund outstanding bonds of the County or to provide for the exchange of outstanding bonds of the County for bonds authorized and issued pursuant to Senate Bill No. 2562, Laws of 1974, as amended by House Bill No. 725 (Chapter 890), Laws of 1978; and

WHEREAS, the assessed valuation of the taxable property within the said Hancock County, appearing on the assessment rolls as established by the last completed assessment and taxation preceding the time of this Resolution is as follows:

Real Estate \$29,004,320
Personal Property \$1,633,215
Motor Vehicles \$4,430,172
Public Utilities \$6,615,459
TOTAL \$43,683,166

and

WHEREAS, the amount of bonded indebtedness hereinabove proposed to be issued will not, when added to all other outstanding indebtedness of the County, be in excess of 10 percent of the assessed valuation of the taxable property of the County.

NOW, THEREFORE, BE IT RESOLVED BY THE HANCOCK COUNTY BOARD OF SUPERVISORS AS FOLLOWS:

SECTION 1. That the Board of Supervisors of Hancock County, Mississippi, do hereby declare its intention to issue bonds of said County in the amount of \$100,000 to provide funds for the purpose of constructing and equipping facilities for livestock and horse shows, fairgrounds, display and exhibition buildings, and for related facilities and activities, and to refund outstanding bonds of Hancock County heretofore issued pursuant to Senate Bill 2562 of the Regular 1974 Session of the Mississippi Legislature, the principal amount of which, on this date, is \$62,000 together with interest accruing thereon from April 1, 1978.

SECTION 2. That said bonds in the amount and for the purposes aforesaid shall be issued at a meeting of the Board of Supervisors to be held on the 14th day of November 1978, at the hour of 9:00 o'clock a.m. If twenty percentum (20) percent of the qualified electors of the County shall file a written protest against the issuance of said bonds on or before the aforesaid date and hour, then an election on the question of the issuance of said bonds shall be called and held as provided by law. If no such protest be filed, then said bonds shall be issued without an election on the question of the issuance thereof.

SECTION 3. That this Resolution shall be published once a week for at least four (4) consecutive weeks in "The Sea Coast Echo," a newspaper published and of general circulation in Hancock County, Mississippi.

The first publication of this Resolution shall be made not less than twenty-one (21) days prior to the date specified in Section

2
